

U. S. And Allied Airmen Blast Many Korean Planes

When the frost is thick and the temperature is seeping all time now, when the lakes and rivers are frozen stiff and the meadows bedded with snow. That's the time for dinners with speeches attached. I don't mind them much you see but long addresses in mid-July dinner time bother me. I want to be out where the grass is lush and the world is an emerald green under the stars on a humid night when the sky is a blue-black. My Mister Teasemaster said to me when the summer's well on its way, I'll listen to birds as they chatter a lot. It's 23 today.

Baptists Will Open Congress At Cleveland

CLEVELAND, July 21.—(INS)—A mammoth outdoor meeting attended by 20,000 delegates from all parts of the world will officially launch the Baptist World Congress in Cleveland tomorrow night.

Dr. C. Oscar Johnson of St. Louis will read a brief presidential message during the opening session. President Truman was originally scheduled to address the meeting, but sent word yesterday that the Korean crisis required his presence in Washington.

Dr. Johnson is president of the Baptist World Alliance, a federation representing 18 million Baptists and sponsor of the World Congress.

Edwin McNeil Poter of Raleigh, N. C., former president of Colgate-Rochester seminary, Rochester, N. Y., will deliver the main address of the evening.

The stadium session is to be preceded by a huge parade through downtown Cleveland.

Mrs. John Testa Taken By Death

Mrs. Antonette Testa, aged 55 years, of 1003 Arch street, Youngstown, O., died at her home, Wednesday evening. She was the wife of John Testa, Youngstown, O., and sister of Mrs. Pete Pomasello, Mrs. Dominic Gallo, and Leonard, of Bessemer.

Mrs. Testa was born August 14, 1894, in Palermo, Sicily, daughter of Frank and Antonette DeSalvo Bartolone. She came to the United States 50 years ago, first residing in Bessemer. For the past 30 years she lived in Youngstown, O. She belonged to the Society of the "Mothers of the Crucifix" and was a member of the Our Lady of Mt. Carmel church.

In addition to the above survivors, she leaves her husband, John, to whom she had been married 42 years; two daughters, Mrs. Mamie Pucciarelli, of California; and Mrs. Lena Bartolotti, Youngstown, O.; two sons, Paul and Frank, Youngstown, O.; and brother, Mike, of Gary, Ind., and 12 grandchildren.

Funeral services will be Saturday at 9:30 a. m., from the Our Lady of Mt. Carmel church. Burial will be in Calvary cemetery.

Friends may call at the Fortunato South Side Funeral home, today 2 to 4 and 7 to 9 p. m.

ernmost span of the one remaining railroad bridge over the Han river at Seoul.

A Navy communique summarized the results of the previously announced Seventh Fleet carrier plane raids deep over the enemy's North Korean homeland Tuesday and Wednesday.

Many Planes Hit

It listed 30 Communist planes demolished, 10 probably destroyed and 11 damaged by the American and British naval airmen who flew 227 sorties from their carriers in the 48-hour period. Most of the enemy planes were hit while parked on the ground at the big North Korean Pyongyang air-drome.

The U. S. Navy's new Douglas dive bomber carried one-ton bombs into action for the first time Wednesday during the carrier plane attacks, the communique disclosed.

The bulletin said that the carrier plane piloted by Lt. (jg) W. B. Muncie of San Diego, Calif., was hit by anti-aircraft fire from a North Korean gunboat, but that he was able to fly his crippled craft several miles out to sea where he "tied" it. He was rescued two-and-a-half hours later by a British amphibious plane.

An earlier Air Force announcement said Thursday's widespread bombings and strafings over the Korean war theater were staged without the loss of a man or plane.

GOLD ENTERS GUILTY PLEA

doubt that Gold would draw the maximum penalty because of his cooperation with the Federal Bureau of Investigation in uncovering other American espionage agents.

The mild-mannered research chemist specifically admitted passing on atomic bomb data to Dr. Klaus Fuchs, British scientist now serving 14 years in prison for treason, and to Soviet agents.

No testimony was heard at yesterday's arraignment, and it was made evident that exact details of Gold's collaboration with the atomic spy ring will be withheld by the government.

real estate credit as well as installment buying also is causing some anxiety.

Sen. Bricker (R) Ohio, a banking committee member, said: "Whether the powers asked by the president are necessary to conduct a policing operation, I do not know. If they are necessary, I will go along on them."

"If the Korean conflict is going to lead to total war, that is another thing. No one opposes allocation of strategic materials."

"But if this is a policing operation, need must be established for these extraordinary powers."

In a senate speech, Sen. Ives (R) N. Y., another banking committee member, said the president's general program justifies the general approval of American people.

But Ives added:

Needs Scrutiny

"In many respects, the president's program is vague and needs scrutiny before enactment."

The bill goes further than the allocation powers given the chief in World War II. Besides authority to control real estate financing, it would give the president power to regulate commodity market transactions.

A provision being eyed by the senators would reject an individual's right to refuse testimony on grounds that it might tend to incriminate him. Some senators think that such powers are not essential to controlling the economy.

Another point of concern to some is the request for controls over real estate credit. They raise the question of whether this would mean controls on purchases of farms and homes.

Orders calling up Naval Air and Marine Reserve units were issued Thursday. Some Army units throughout the country were alerted for immediate movement to the Pacific.

The Marines, first to dispatch combat troops from Continental U. S., made the flat announcement that all organized Marine Reserve ground units are being called to active duty.

At the last official report on March 29, the Marines had 50,772 men in organized reserve units. The number is believed to have increased substantially since that time.

At the lowest estimate, the army alerted at least 50,000 men for duty in the Far East. About six weeks will be required for the new units to reach the front.

Some Marine Units Ordered To Report For Active Duty

PHILADELPHIA, July 21.—(INS)—Col. Ewart S. Laue, director of the Fourth Marine Reserve Corps district, announced today that the Sixth Infantry Battalion in Philadelphia and B Company in Reading, Pa., have received orders for active duty.

Col. Laue said the men will not leave for active duty until July 31, due to the 10-day waiting period.

The number of men who will be involved and their destination was not disclosed.

FORMER RESIDENT WED IN BRADFORD

Announcement is made of the marriage of Miss Alice Mae Douthitt, daughter of Mr. and Mrs. James E. Douthitt, Bradford, to Jack Edward Brown, son of Mr. and Mrs. David N. Brown, Bradford, former residents of New Castle.

The wedding ceremony was performed in the First Baptist church, Bradford, on July 15, with Rev. Berthold Jackstein, pastor of the church, officiating.

The bride wore a gown of white eyelet embroidery imported Swiss organdy with a Peter Pan collar and self-buttons to the waist. With this costume she wore matching organdy mitts and a cloche style headpiece of harmonizing eyelet embroidery, from which cascaded a fingertip veil. Her flowers were a nosegay of white carnations and English ivy. She was given in marriage by her father.

Miss Ann Wilson was maid of honor for the occasion, wearing a gown of white organdy over aqua taffeta, styled similarly to the bride's.

David L. Brown served as best man and ushers were James McCready and Richard Piper.

After the ceremony a reception was held at the church.

Mrs. Brown was graduated from Bradford high school and was employed in the office of the Kendall Refining company, Bradford. Mr. Bradford is also a graduate of the Bradford high school and of Grove City college.

GILMORE-GILKEY ENGAGEMENT NEWS

County Commissioner and Mrs. Joseph W. Gilmore of North Beaver township, announce the engagement of their daughter, Miss Ruth Olive Gilmore, to Ralph L. Gilkey, son of Mr. and Mrs. Lyle L. Gilkey, R. D. 1, Enon Valley.

The date for the wedding has not been announced.

D.O.F. Club Meets
Mrs. Mary Pacelli, of 1008 Agnew street, received the D.O.F. club, Thursday evening, and the birthday of Mrs. Perry Lastoria was honored. She received many lovely gifts.

The club token during the informal social time was captured by Ruth Ciaella.

A dainty lunch was served by the hostess, with the aid of Mrs. Margaret Pearl.

August 2, is the meeting with Mrs. Hilda Camuso, at Cascade Park.

DESSERT-BRIDGE FOR CAROLYN ROCKS

A charming dessert-bridge party honored Miss Carolyn Rocks in the harvest room of The Castleton hotel Tuesday evening. Mrs. Frank Murphy and Miss Ann Higgins were hostesses for the gala shower event.

Bridge and canasta were the pleasant diversions, with prizes captured by Mrs. R. E. Olson, Mrs. Joseph Hartman and Miss Mary Lou Rocks.

Several lovely miscellaneous gifts were presented to the prospective bride.

Miss Rocks, daughter of Mr. and Mrs. J. L. Rocks of Sumner avenue, will become the bride of Paul Ivan Sheaffer, son of Mr. and Mrs. B. H. Sheaffer of Lancaster, Pa. The ceremony will be performed Saturday, July 22, in the rectory of St. Joseph's church.

MAXINE SLAVOVSKY HOSTESS TO GROUP

Miss Maxine Paula Slavovskiy proved a charming hostess when she entertained the Rebecca Girls at her home, South Mercer street. The meeting was opened by the president, Sara Lee Gerson, and roll call was given. Mrs. Maurice Schoenberger and Mrs. Pierson Caplan, advisors of the group, were special guests.

The guests were invited to the dining room where refreshments were served by the hostess' mother, Mrs. Maurice Slavovskiy, and their houseguests, Miss Shirley Weinberg and Miss Rachel Knell, both of Weirton, W. Va. A graceful arrangement of water lilies and leaves centered the table. Unique novelty favors marked each place-setting.

A special feature of the afternoon was a Russian song and dance in costume by the hostess.

RAINBOW LEADER BACK FROM COAST

Mrs. Charles E. Allen of Winter avenue, supreme deputy of the Order of the Rainbow for Girls, returned Thursday night from Long Beach, Calif., where she attended the supreme convention of the order. The supreme convention is held bi-annually.

The 1952 convention will take place in Kansas City, Mrs. Allen states. Plans have been virtually completed for the grand convention, which will take place at the William Penn hotel in Pittsburgh August 3-5 inclusive, which will be attended by a number of girls from New Castle.

EMMA GUNTHER WEDS G. SCHLUMBERGER

A frothy gown of imported French lace and nylon over slipper satin was worn by Miss Emma Emily Gunther for her marriage to Gerhard Karl Schlumberger Saturday, July 15.

The young couple repeated their wedding vows in the Christ Lutheran church at two o'clock, with Rev. Herbert Poellet, pastor, officiating at the double ring ceremony.

Miss Gunther is the daughter of Mr. and Mrs. August Gunther of 1016 North Ashland avenue, and Mr. Schlumberger is the son of Mr. and Mrs. George Schlumberger of 842 Beckford street.

Preceding the ceremony Mrs. Kathryn N. Allen played several wedding selections. Miss June Nelson sang "The Wedding Prayer" and during the service "The Lord's Prayer" and "The Lord Is My Shepherd".

The attractive bride approached the altar with her father. Dainty lace over gleaming satin fashioned the fitted bodice. Long sleeves tapered to points at the wrists. A yoke of nylon net was trimmed with a ruffle of lace. The bouffant skirt of lace over satin flowed from the basque waistline, with a flounce of nylon forming a ruffle around the circular nylon train.

A tiara of seed pearls and rhinestones caught up her lace trimmed fingertip veil of French tulle. She carried a heart-shaped bouquet of white roses and mums. A rhinestone necklace and earrings were gifts from the groom.

As matron of honor Mrs. Elsa Matos was gown in pale green marquisette over taffeta. Pretty features were in Peter Pan collar and pert puffed sleeves. The full gathered skirt, trimmed with bands of green taffeta, cascaded from the snug bodice. A green heart-shaped hat of marquisette and matching mitts completed the costume. She carried a heart-shaped bouquet of yellow roses and mums tied with a green ribbon.

As bridesmaids Miss Martha Gunther, cousin of the bride; Miss Virginia Binder, Mrs. Mary Gunther, sister-in-law of the bride, and Mrs. Dorothy Gunther, sister-in-law of the bride, wore gowns of pale orchid marquisette over taffeta. The sheer yokes were edged with a dainty ruffle, presenting an off-shoulder effect. Pleasing accents were the cap sleeves, matching mitts and gathered skirts. Each wore a heart-shaped hat of pale orchid marquisette and carried a heart-shaped bouquet of yellow roses and mums.

Flower girls were Sharen Lee Gunther and Doreen Ann Gunther, nieces of the bride. The tiny girls wore gowns of white organdy over taffeta, with tiny puffed sleeves and a wide ruffle in an apron effect.

Henry Gunther, brother of the bride, served the groom as best man. Ushers were Edward Gunther, cousin of the bride; Sammy George, Bill Gunther, brother of the bride, and Robert Criswell.

A wedding dinner was held at the Hotel New Penn and an evening reception was held at the Greater Beneficial union for 200 guests.

Upon their return from a wedding trip to an undisclosed destination, Mr. and Mrs. Schlumberger will reside at 1016 Ashland avenue. Mrs. Schlumberger is a graduate of the local high school and is employed in the office of the Water company. Mr. Schlumberger is also a graduate of the senior high school and a member of the 1950 graduating class of Westminster college. He will continue his studies in the fall.

RAGUSO-DAMIANI ENGAGEMENT NEWS
Mr. and Mrs. Frank Raguso, 406 Waldo street, announce the engagement of their daughter, Bettie, to Ellis Damian, son of Mr. and Mrs. Alfred Damian of Woxall, Pa.

Miss Raguso is attending Eastern Bible Institute and will resume her studies in the fall. Mr. Damian is a graduate of Eastern Bible Institute and is pastoring a church in Tiffin, O.

Central School Reunion
Grades six and seven, classes of 1903 and 1904 of the Central school will meet for a basket picnic on July 27 at Cascade park at 6 o'clock.

VIRGINIA RAINY HONORED AT SHOWER

Miss Virginia Rainey was guest of honor at a shower held recently at the home of Miss Gloria Schepp, 7 Darlington avenue.

About 30 friends and relatives were present for the miscellaneous fete. Games were played and the door prize was won by Mrs. Alma Fulton.

A pink and green color scheme predominated in the table appointments, with a three-tier wedding cake and fresh flowers comprising the centerpiece. Miniature baskets as favors revealed the news "Ginger and Ralph, July 29".

Lunch was served by the hostess, assisted by Mrs. Dan Rainey, Mrs. Bob Rainey, Miss Dolly Altieri, Miss Delores Iafra, Mrs. Sam Rainey and Mrs. Nick Perod.

Mrs. Nick Rainey, mother of the honoree, was a special guest. In a recent evening the bride-elect's sister, Mrs. Nick Perod, entertained members of the bridal party at her home, 820 Hazen street.

Dancing and a mock wedding provided the diversions. Miss Rainey will be united in marriage to Ralph Rich, son of Nick Rich, R. D. 5, East Brook, at an open church ceremony to be solemnized Saturday, July 29, at 9 a. m. in St. Lucy's church.

LOUISE GARRETT LISTS ATTENDANTS

Miss Louise Garrett, bride-elect of this month, has chosen her attendants for her wedding to Ralph Lewis, son of Mr. and Mrs. George Garrett, and her fiancée is the son of Mr. and Mrs. Glenn Lewis. Both families reside at Rt. 1, New Wilmington.

Mrs. Clifford Beresford, a sister, will be matron of honor, while her small daughter, Bonnie Lou Beresford, will act as flower girl. Another sister, Miss Jessie Garrett, and a sister of the bridegroom, Miss Ina Lewis, will be bridesmaids. Kenneth Garrett, little brother of Miss Garrett, has been chosen as ring bearer, and ushers will be Louis Morris, Edward Donner, John and Edward Garrett. Corp. William Lewis will serve as best man for his brother, if he is able to obtain leave at that date. He is stationed with the Marines near Vicksburg.

The wedding vows will be pledged at a 7:30 service in the Neshaunock Presbyterian church Friday, July 28.

GERALDINE GROSS GUEST AT SHOWER

Miss Geraldine Gross, bride-elect of this month, was honored at miscellaneous surprise shower held at the home of Miss Margaret Sanders, Highland Heights.

Games were the pastime, with awards falling to Miss Nadine Ward and Miss Barbara Gibson. Lunch was served by candlelight, with a pink and green color scheme predominating. Aides to the hostess were Mrs. Gerald Higgins and Mrs. Robert Falen. Miss Jean Louise Falen was a special guest.

Miss Gross, daughter of Mr. and Mrs. W. Donald Gross, Highland avenue extension, will become the bride of Donald L. Tanner, son of Mr. and Mrs. Lewis Tanner, Highland avenue extension, at a ceremony to be performed Friday evening, July 28 at the home of her parents.

CUMO-HALAGIAN IMPRESSIVE RITE

Loveliness and solemnity combined to create the background for the marriage of Miss Angeline Marie Cumo and Edward Raymond Halagian on Saturday, July 15, at St. Vitus church.

The bride is the daughter of Mr. and Mrs. Archie V. Cumo of 712 Neal street, and Mr. Halagian is the son of Mr. and Mrs. A. Halagian of 1022 East Washington street.

Lighted candles in branched candelabra, ferns and palms decorated the altar for the ceremony. The nuptial high mass was performed at 9 o'clock, with Rev. Raymond H. Heintz officiating at the double ring service. Mrs. Frances Colao provided appropriate organ music for the occasion.

Given in marriage by her father, the attractive brunette bride wore a gown of sheer white nylon marquisette over satin. The bateau neckline was edged with delicate Chantilly lace and a ruffle of marquisette, studded with rhinestones. Long sleeves came to points at the wrists. The fitted bodice was featured with self-covered buttons in back. Graceful lines of the full skirt were enhanced by a long sweeping train, with matching lace and ruffles down the side and at the bottom of the skirt and train. Her fingertip veil of French tulle was caught up in a crown of Chantilly lace and rhinestones. She wore a rhinestone necklace and earrings, gifts of the groom. Her bridal bouquet consisted of white roses and baby lilies, centered with a canhamana orchid and streamers of baby lilies.

Miss Mary T. Jones, close friend of the bride, as maid of honor, wore with charm a princess style gown of baby blue dotted sheer over blue taffeta. Pretty features were in round neckline and bertha collar. She wore a matching sweetheart bodice trimmed with nylon tulle. Matching mitts and a rhinestone necklace and earrings, gifts from the bride, were pleasing complements of the ensemble. She carried a colonial bouquet of colonial yellow roses and rust colored baby mums.

Lawrence Cumo, cousin of the bride, served the groom as best man.

Breakfast was served at the home of the bride's parents for 50 guests. At 1:30 o'clock a wedding dinner was held at a local dining room for 60 guests. A local orchestra provided music for dancing at the evening reception in the King Humbert hall, with 500 guests attending.

Mr. and Mrs. Halagian later departed for a honeymoon trip to California by automobile, taking the southern route and returning by the northern route. The couple will be "at home" to their friends after August 15 at their newly furnished apartment at 1022 East Washington street.

Both are graduates of the local high school, with the groom serving in the armed forces of World War II. Mrs. Halagian is employed as a check-in clerk at the John-Bronze company, and Mr. Halagian is a machine operator for the same company.

W.C. CLUB HAS PICNIC AT PARK

Members of the W. C. club and their families gathered at Cascade park on a recent evening for a picnic.

The picnic dinner was served in the grove at 6 o'clock to 30 guests. After dinner the leisure hours were spent in games and social chat.

Special guests for the evening were Mr. and Mrs. William Ketzler, Mr. and Mrs. Alden Thomas and daughter of Wilmington, Del., houseguests of Mr. and Mrs. Arthur Lang, Mr. and Mrs. Lloyd Gulich of Shireleysburg, Pa., houseguests of Mr. and Mrs. James Mohr.

The next regular meeting will be held Monday evening at the home of Mrs. Charles Clark, Round street.

NIBLICKS ENJOY DAY OF GOLFING

Not one, not two, but three winners brought their magic putters and came forth with low score on puts at the New Castle Country club Thursday.

Mrs. William Eckles, Mrs. Ed Miller and Mrs. Franklin Clary all tied for first place in the 18-hole round. Mrs. David Long topped the list for putting on nine holes.

The third round for the handicapped tournament has begun and matches are being played daily, so grab your opponent and have your third round played in short order, for the fourth play-off is due next week.

GOLD STAR MOTHERS BREAKFAST AT PARK

At Cascade Park, the American Gold Star Mothers, Lawrence County Chapter No. 1, gathered for breakfast on Wednesday morning, July 19.

The repeat was served at ten o'clock, with places laid for 26. Families of members were guests.

Committee in charge was Mrs. James Flynn, Mrs. Edward O'Neill and Mrs. Merritt Reynolds.

Plans were made for a picnic to be held for members and families at Cascade Park, on Old Timers Day, August 16.

MISS MARY DUZYK GUEST AT SHOWER

A surprise shower honored Miss Mary Duzyk when a group of relatives and friends gathered at the home of Mr. and Mrs. Joseph Duzyk, 1007 Boroline street, recently.

Informal diversions featured the lawn party, with a large pink and white umbrella concealing the various gifts which were later presented to the bride-elect.

Dainty refreshments were served by the hostesses, Mrs. Joseph Duzyk, Mrs. Stan Duzyk, Mrs. Alex Elias and Mrs. Sophie Rogalski. Aides for the occasion were Mrs. Carmen DeLeone and Miss Madeleine Covelli.

Miss Duzyk, daughter of Ignacy Duzyk of 90 South Lee avenue, will become the bride of John Frucht of 1007 Boroline street. The ceremony will be performed August 5 in the Madonna church.

Modern Eight Meet

At the home of Mrs. Margaret Carbone, 917 South Mercer street, members of the Modern Eight club were entertained on Wednesday evening.

President Mrs. Mary Rozzi read the rules, and had the girls visit Mrs. Marie Ascone in the New Castle hospital.

Later, the girls reassembled at the home of Mrs. Carbone and partook of a delicious lunch, aided by her special guests, Mrs. Linda Yannessa and Mrs. Julia DeMica.

After lunch, the girls played Tripoli, with the club token going to Mrs. Betty Rozzi and Mrs. Linda Yannessa. Door prize went to Mrs. Helen Rozzi.

Fulfilling American Promises

President Truman's 10 billion dollar restorative for endangered democracy throughout the world was hailed with enthusiasm outside the iron curtain today.

And for the second time within a few weeks the ground was cut from under repeated foreign charges of unfulfilled American promises.

With Republican leaders standing behind the president in his determination to put an end to Communist aggression, chancelleries all over the world expressed belief that the U. S. Congress would act swiftly and reduce the massive arms appropriation he has asked little if at all.

Revival Of Faith
The first revival of faith in American pledges came with United States armed intervention in Korea in response to a United Nations resolution.

The president's message was the second shot in the arm and there is every indication that the United Nations, which has been traveling a rocky road and has been close to faltering in the last few months, is slated for a new lease on life.

Framers of the United Nations charter, regardless of nationality, were a hardheaded, realistic group of men.

They wanted to present the organization as an essentially spiritual idea of peace among men. But at the same time they realized that attainment of this great objective might mean colossal expenditures and harsh measures when the occasion demanded.

Because of taxes and the already enormous United States budget, it is difficult for many Americans to understand why beneficiary nations have often been critical.

Yet President Truman's point four program is an eloquent case in point.

This plan to aid in raising the

standards of living throughout the world and grind out the poverty which is a fertile field for communism galvanized the people and governments of backward countries.

Enthusiasm Wavered
But before much time had passed, congressional enthusiasm wavered; the program was subjected to attack and the appropriations cut.

There have been restorations, of course. But questions were asked in a thousand places far afield as to American sincerity. And into that atmosphere of bewilderment, surcharged with some outright skepticism, plunged the advance guards of aggressive communism.

One of the things that is bound to impress wavering peoples the most is Mr. Truman's quite obvious determination to maintain a strong armed footing for the United States as long as it is necessary.

This cannot help but bolster morale everywhere. Up to now the attitude of defeatism on continental Europe has been painfully obvious.

There are countless thousands if not millions of people in Europe who would have accepted any alternative to another war.

They did not need to be told, or shown by the opening phases of the Korean campaign, that the United States had disarmed and demobilized to a point where the world's richest nation seemed to be living on optimism alone.

Realistic Stage

Things have now been restored to a realistic stage.

In all probabilities, members of the United Nations now will climb on the Anti-Communist bandwagon with a good deal more enthusiasm than before because the fate of many millions will be decided by that 10 billion dollars to be invested by the American people in security.

France acted even before Mr. Truman's message was delivered. To be sure, her contribution to the Korean war was only one 1,900-ton ship. But that could ill be spared from Indo-Chinese waters. Somehow, France probably will find some other material means to express her gratitude.

Over and above the bottling up of communism, the president's move may very easily put the United Nations on its feet as a going proposition. The war being fought under its flag in South Korea is unique in history. The member nations are fast becoming aware of the enormous responsibility they have shouldered. Experience shows that in nine cases out of ten, responsibility makes for greatness.

The Parent Problem

By Garry C. Myers, Ph. D.

DEMOCRACY BEGINS AT HOME

Yesterday we pointed out the reasoning error often made concerning democracy in the home, when it is interpreted to mean freedom of the child to do about as he pleases and the absence of requirements. We observed that with such freedoms anarchy, then dictatorship, in the child usually becomes the dictator. We interpreted the democratic home as one in which the growing child has gradually been prepared for self-control and responsibility and enjoys increasing freedom in proportion to such preparation. We observed that democracy in the state presupposes long preparation for citizenship privileges.

But in our discussion yesterday we were thinking of the machinery of democracy. Let us look at the heart of democracy today.

Rights and Liberties

Real democracy in a home or nation treats each person as an individual with certain "inalienable rights" and liberties. In the totalitarian state a person has no individual rights and freedoms guaranteed to him. He is a pawn of the state. He's told by the state what to do and think, even how to feel. In the totalitarian home, likewise, the child is not treated as an aspiring, self-respecting person.

Now some people suppose that if a child in his early years is deliberately restrained by his parents (who are wholly self-controlled) for his safety and for the rights of others, as foundations for safety and good citizenship; and that if, as he has grown beyond the age of five or six, he is required to do certain essential things he would rather not do he is not respected as a person.

A Real Person

But, as you know, I always have maintained that the best way his parents can treat him as a real person in the long run is to prepare him early in basic restraints and requirements in a family atmosphere of love and understanding. Such preparation helps avoid unnecessary bossing by parents and needless irritations between them and the child and makes possible more enjoyments and endearments between them and him.

After all, the heart of democracy in the home is in the personal relationships between all the members of the family. It's a relationship in which no person in the family would knowingly be little another member there, but where every member has a deep regard for the feelings and rights of every other person, constantly.

Try And Stop Me

By BENNETT CERF

From Detroit comes a story of the day when a big ministers' convention and a pow-wow of automobile salesmen were held simultaneously in the same hotel. The salesmen were topping off a big dinner with "spiked watermelon" for dessert, but the hard-pressed waiters served it to the ministers by mistake. The maitre d'hotel was frantic when he heard of the mix-up. "That watermelon is soaked in alcohol," he moaned. "Get it away from those ministers before they run me out of town."

The waiters returned to say it was too late: the ministers were busy chewing away at the prized watermelon. "What did they say?" asked the harassed maitre d'hotel. "How do they like it?"

One waiter answered, "I don't know how they like it, boss, but they're all putting the seeds in their pockets."

Ed Diamond offers this distinction between a careful woman and a careless one: The careful woman is sureless one glove.

Just Folks

By EDGAR A. GUEST

ONCE MORE A FAN

I'd almost forgotten the name and the face
Of the man on our losing team
Playing first base.
The player at second I couldn't recall.

Today if you'd ask me I'd tell you them all.
I didn't like baseball when I was a boy.
But now the team's winning I'm back as a fan.

My cheers are for heroes, not fellows who lose.
For errors and strike outs I've nothing but boos.

Though baseball's a game that I loved, as a boy,
As a man only victories I can enjoy.

Now, ask me who's hitting and tell you I can.
For since the team's winning I'm back as a fan.

Though a cheer might have heartened some youngster last year,
With no chance for the pennant why go there to cheer?

I'm all for success. I hold victory sweet,
And I haven't much heart for the sting of defeat.

But I've been since the season began,
For now the team's winning I'm back as a fan.

Bible Thought

In thee, O Lord, do I put my trust; let me never be ashamed: deliver me in thy righteousness. Psalm 31:1.

From Me To You

By MESEFALL

Things are in a mess . . . and in keeping with the time let's let our thinking go a wee bit on the daffy side . . . with these dizzy definitions.

ENGINEER—a man who knows a great deal about a very little, and who goes along knowing more and more about less and less, until finally he knows practically everything about nothing.

SALESMAN—a man who knows very little about a great deal and keeps knowing less and less about more and more until he knows practically nothing about everything.

PURCHASING AGENT—a man who starts out knowing practically everything about everything, but due to his unfortunate and constant association with salesmen and engineers, ends up by knowing nothing about anything.

CONFERENCE—a group of the various men of the above categories who individually can do nothing, but who as a group may meet and decide that nothing can be done.

HUSBAND—a man of few words.

DENTIST—a collector of old magazines.

PEDESTRIAN—a car owner who found a parking space.

FAN—a machine which distributes heat evenly about the room.

VACATION—a short duration of recreation, preceded by a period of anticipation, and followed by a period of recuperation.

And with this we back off into a corner and you can read it out loud at the dinner table. A demagogue is a politician whose chief ambition is to stand on the grave of a great, dead industry and boast of his bloody deeds.

And so good-nite. . . Many a man gets the reputation as a conservative, simply because he is a slow thinker.

Hawaii And Alaska Statehood

WASHINGTON, July 21 — Thanks in large part to the hard work of Senator Joseph C. O'Mahoney. There is a good chance that statehood for Hawaii and Alaska will be approved. In view of what is happening across the Pacific this has far greater meaning than it would have in normal times.

In the first place, statehood for the two territories should strengthen their position from the defense point of view. So along as they are mere dependencies, Congress can ignore their urgent requests for help.

Applies to Alaska
This applies with particular force to Alaska which has been treated like an unwanted stepchild. More money to strengthen Alaska's defenses was recommended two months ago. An ill-timed anti-trust suit combined with the desperate need for all possible shipping for Korea is reported to have cut across these plans.

But almost more important than the benefit to defense is the example that this would set throughout the Pacific area. It is no secret that the chief opposition to statehood for Hawaii has been on the issue of race—a little over half of the population of the islands is estimated to be of oriental origin.

To show that this is no barrier to incorporation with the American union would be an impressive object lesson to the vast mass of yellow and brown peoples in the Pacific. All indications are that if the statehood bills can be brought to a vote before recess or adjournment, they will be passed.

Worked With Tact

As chairman of the Senate Committee on Interior and Insular Affairs, O'Mahoney has worked with patience and tact to get the statehood measures to the Senate floor. He has done this against the obstructionism of the ranking Republican member of the committee, Senator Hugh Butler of Nebraska. The House has already passed statehood bills for Hawaii and Alaska.

During the lengthy hearings O'Mahoney was impressed by evidence of the way in which peoples throughout the Pacific looked to Hawaii and to the mainland of the United States for guidance and help in almost every department of life. The University of Hawaii, for example, has far more applications from students throughout the Pacific region than it can possibly accommodate.

Progress is also being made toward greater self-government for Puerto Rico. Congress passed, and the President has signed, a bill authorizing the people of the island to elect members of a constitutional convention to draft a constitution for Puerto Rico. Puerto Ricans were granted the right in 1947 to elect their governor, and this is the next step toward self-government.

Island of Guam
The island of Guam in the Pacific, is now under civilian rather than Navy rule. The House has passed a measure providing government for Guam like that of the other territories, and under which the people of Guam would become United States Citizens. This is being pushed in the O'Mahoney Committee. So it looks as though the United States may finally make good on the promises given when

Guam was acquired from Spain in 1898.

An eager collaborator in blocking statehood for Hawaii is Senator James Eastland of Mississippi. Eastland has said that if and when the statehood bills are brought up, he will move to substitute the Mundt-Ferguson bill to compel Communists and fellow-travelers to register, and thereby restrict them in many of the privileges of citizenship.

Believes He Will Agree

O'Mahoney says now he believes he will agree to let the Mundt-Ferguson bill come up and he will vote for it. That is, he will vote for it if—and it's a big if—the Mundt-Ferguson bill is amended to remove some of the features that give extraordinary power over men's thoughts and opinions to a subversive activities control board.

It seems to me there is a kind of parable for our times in the going along with the Mundt-Ferguson bill O'Mahoney will have at least two motives. He believes some such measure is more or less inevitable in view of world conditions. And then also, he feels that if he should oppose the Mundt-Ferguson measure, he would bring down added opposition to the statehood bills.

So statehood for the territories, urgently needed for a variety of reasons, may necessitate a pay off. It may mean adoption of a law which will not necessarily strengthen American security and in which may actually endanger certain rights that Americans have believed to be inalienable theirs.

Folks Of Fame

John Jay, American statesman and jurist was born in New York City, Dec. 12, 1745. He was graduated from King's college (now Columbia university) and was admitted to the bar in 1768. He was a member of the first Continental Congress when the Declaration of Independence was signed, but he drafted the resolutions which authorized the New York delegation to sign. He was first chief justice of the state of New York, and next year president of the Continental Congress. He was commissioned in 1781 to act with Benjamin Franklin, John Adams, Thomas Jefferson and Henry Laurens in negotiating a peace with Great Britain. When Washington became president of the new government, he appointed him the first chief justice of the Supreme Court. An important treaty with Great Britain bears his name. He died in 1829.

George Sand (Mme. Dudevant) was born in Paris on July 1, 1804. At 13 she entered a convent where she underwent a mystical conversion. Her first books were written with a collaborator and lover of whom she had many in her lifetime. Her first independent novel was "Indiana," published in 1832, which brought her immediate fame. Her next was "Valentine," and her third "Lella." She wrote under an assumed and masculine name. Her two most famous lovers were Alfred de Musset, playwright and novelist, and Frederic Chopin, composer. Her last novels were simple stories of rustic life, and delightful fairy tales, the "Talking Oak," "Wings of Courage," and "Queen Coax." She died at Nohant on June 8, 1877.

Now as to the reasons. Fifteen of the 34 plaintiffs alleged "intolerable cruelty," one of Connecticut's most convenient grounds for divorce.

Thirteen claimed desertion. Three accused their spouses of "habitual intemperance."

Three gave "misconduct" as their complaint.

Twenty-four of the plaintiffs were women, ten were men.

I cannot say whether these figures are typical of all cities and towns.

But they have as much meaning as any other figures.

There is probably just as much

The Benton Plan

(By HOLMES ALEXANDER)

WASHINGTON, D. C., July 21.—There is one glaring fault with Senator Benton's proposal for a Marshall Plan of ideas—it is a peace measure, whereas it ought to be a war measure.

Propaganda (Sen. Benton prefers to call his idea a Campaign of Truth) had its front-line usefulness in World War II because it was aimed at a single purpose, to destroy the enemy's will to fight. Let us examine some specific examples of how this was done. Perhaps some lessons will apply to what's left of the Cold War.

Effective Type of Propaganda

The most effective type of propaganda leaflet used on the Western front was the "Save Yourself" type. Just before a heavy U. S. assault, the German soldiers were showered with leaflets which read in part: "When the Americans attack, they usually do so on the largest scale. They waste shells in order to save lives. They can afford that, for they have the means—they have more than enough in artillery, planes, flame throwers, tanks, tankdozers and rocket weapons in order to break any resistance. This is a fact. When the attack reaches you, you can try to stop it—with insufficient weapons, insufficient ammunition, insufficient equipment . . . Or else you can save yourself by staying in your position and showing clearly to the American infantry that you give up."

An analysis of this subversive masterpiece shows (a) a personalized appeal to the self-preservation instinct, (b) a statement of fact about American death-dealing weapons and (c) a helpful suggestion about how to stay alive. Note that the German soldier hasn't been told to desert (which is cowardly), to overthrow Hitler (which is impossible), to regard himself, his family, his country and his political beliefs as guilty and degraded (which is a challenge. He has been told that the as die.

Now let us plagiarize this leaflet and put it into tentative Cold War language:

For Cold War Language
"North Koreans (or Chinese, Czechs, Poles, Bulgars, et al), when your Communist leaders take you into war, the U. S. will fight with atomic weapons. These cause wholesale slaughter, excruciating pain, sexual impotency and lifelong suffering. This fact was proved with primitive A-bombs used upon Jap civilians five years ago. The present A-bombs and H-bombs are a hundred-fold more destructive. There is no protection against these weapons, and the only prevention is peace. You can save yourselves by refusing to cooperate with your present leaders. These leaders can't kill all of you, but the A-bomb and the H-bomb can."

Another highly successful propaganda trick, used by the German army against the Russians, was a leaflet which read: "When you give up, be sure to bring a fork and spoon with you—you'll need them." Here we have (a) the cold assumption of eventual surrender and (b) the appeal to the human stomach. It is easy to see how the Voice of America could apply this lesson. For example: "Chinese, when you are politically able to receive food supplies, mark your airstrips with the three letters, YES."

Good Propaganda Story
Senator Thomas of Utah, formerly a missionary in the Orient, has told me a good propaganda story. In 1945 the Senator explained to Gen. Marshall, then Chief of Staff, that the term "unconditional surrender" was costing many American lives. The Senator said:

"General, when you ask the Japs to give up unconditionally, they think that means to give up their lives. But when Lee surrendered to Grant at Appomattox, unconditional surrender simply meant a return to civilian life. If we explain that to the Jap soldiers, they'll stop fighting to the death."

The Senator subsequently proved to be quite correct. Wartime experience showed that the most useless type of propaganda was the "answer back" variety. The Germans used the following on the Western front: "GIs! Many thanks for your nice leaflets. . . . All that matters to us is that you won't get to Berlin. Etc." This approach, of course, is infantile, yet it strongly resembles some of our radioed replies to the Communist line.

Combat propaganda hits the broadest base of enemy resistance—the fighting soldier. Leaflets actually reach his hands and speak his language. Army reports show that 77 per cent of German prisoners in the closing months of war were carrying these leaflets. Before the Benton proposal can be useful, it must become elemental in its approach. The Voice of America must come down off its high horse. The Voice and other propaganda-speakers must reach foreign peoples with the warlike aim of breaking their will to resist.

Looking At Life

By ERICH BRANDEIS

"When would you say a marriage can be considered 'safe'?" In other words, after how many years has the danger of divorce passed? And what are the main reasons for divorce?"

That is what one of my readers asks.

Personally I think that a marriage is never "safe."

Human beings cannot be measured by horsepower or miles per gallon. The emotional factor will always remain an unknown quantity. One can never tell when a blonde (or, to be impartial, a brunette or red-headed) temptress may come along and make a driving force out of a heretofore perfectly nice husband.

But in order to give my inquirer a fairly sensible answer, I checked the divorces granted by the Bridgeport, Conn., Superior Court in one day.

There were thirty-four in all. Of the thirty-four couples who said their official good-bye to each other, twenty were married more than ten years, six more than twenty years.

Contrary to the general belief that the first five years of married life are the hardest, only five of the divorces were married in 1945 or after.

Now as to the reasons. Fifteen of the 34 plaintiffs alleged "intolerable cruelty," one of Connecticut's most convenient grounds for divorce.

Thirteen claimed desertion. Three accused their spouses of "habitual intemperance."

Three gave "misconduct" as their complaint.

Twenty-four of the plaintiffs were women, ten were men.

I cannot say whether these figures are typical of all cities and towns.

But they have as much meaning as any other figures.

There is probably just as much

"intolerable cruelty," just as much "desertion," just as much "habitual intemperance," just as much "misconduct" among the millions who stay together as among the thousands who get divorced.

There is hardly a married couple in existence that could not have got a divorce at one time or another on at least one of the above mentioned grounds.

Desertion, for instance, does not necessarily mean the physical desertion from one's home.

Many a woman who stays with her man, has been deserted by him mentally and spiritually years ago.

Many a man puts up with the cruelty of his wife who nags and denies him the affection and tenderness he craves.

But everybody who has grounds for divorce, doesn't get one.

Of all the factors that keep married people together, the greatest is LOVE—the love that puts up

TUBERCULOSIS "WHY"
Why should we have tuberculosis? It is a communicable disease. It can only be caused by getting the germ from someone who has it.

Our health workers both professional and voluntary are doing good work to keep people from being infected.

It is not a crime to get it but it is a great calamity. Those who are well can help themselves by helping those who are sick.

Jack Huston is doing a good work. He deserves our support.

Various outdoor games were enjoyed and refreshments were served by the hostess, assisted by Mrs. Wesley Double. Features of the refreshment table was the pink iced cake and a centerpiece of yellow and white flowers. The honoree received many lovely gifts.

THE PARENT PROBLEM

(Continued from Page Four)

putting himself in his imagination in each other member's place, trying to see a little as he sees, think a little as he thinks, and feel a little as he feels. Since we parents are older and richer in experience we are able to do this more often and more perfectly than our children.

In a truly democratic home, we parents never smile or laugh at the blunders or mistakes or serious remarks or doings of the child—and most of them are very serious. Nothing of great interest and concern to him is beneath our close attention and deep consideration. We enjoy his conversation, his creations and achievements. We set the stage so he will gain increasing pleasures through these media. Always by our demer-or, our movements, even by our breathing, as well as by our words, actions and general attitude, we make the child feel himself a worthy person and member of the family. This is the heart of democracy. In that prayer for parents, I once wrote for myself, to be had in a stamped envelope sent me at 235 East 43rd street, New York, N. Y., is this: "Make me so fair and just, so considerate and companionable with my children that they will have a genuine esteem for me. Fit me to be loved and imitated by my children."

Another is the responsibility that begins when both say the fateful "I do."

Marriage begins with a vow. When that vow becomes perjury, the marriage is ended—divorce or no divorce.

St. Margaret's
Event ObservedSplendid Fireworks
Marks Grand Finale

On Thursday members of St. Margaret's Council No. 74 had a successful annual celebration of St. Margaret's Day.

In the morning high mass was said at St. Lucy's church by the pastor, Rev. Sebastian Ippolito, at 9:30 o'clock.

At 5:30 in the afternoon the Red Coat band paraded, with music throughout the main streets of the ward.

There was a baseball game at six o'clock on the new recreation ground, between the old-timers and St. Margaret's team, with St. Margaret's being the victors.

The band gave a splendid concert at eight o'clock on the band stand erected at the rear of St. Margaret's hall.

At 11 o'clock the celebration was brought to a grand finale by a wonderful display of fireworks on the P. and L. E. grounds, witnessed by a large crowd.

Committee of arrangements for the occasion was: Bart Lombardo, general chairman; Nick Cangey, Joe Picararo and Andy Masters, Mrs. Mariano Lombardo, Mrs. Rose Zarilla, Mrs. Margaret Masters, Mrs. Rose DiDario, Mrs. Ann Masters, Mrs. Anna Domenick, Mrs. Jennie Rainey.

Den 5 Boys Prepare

Members of the W. A. G. club had a breakfast party at Cascade Park Thursday morning. The breakfast was served at 10 o'clock.

After the eats the group had a period of reminiscing and played Canasta.

Next meeting will take the form of a picnic Thursday, Aug. 17, with place to be announced later.

Senior Girl Scouts
Improvise 'Cookout'

At 5:30 Wednesday afternoon members of the Senior Girl Scouts No. 1 journeyed to Druschel's

woods for a "cookout" under the leadership of Miss Harriett McLaughlin.

The group got rained out and adjourned to a nearby garage and used a charcoal stove, where the "cookout" proceeded in fairly good style.

The girls got some good results producing some chili or "sloppy Joes", which were enjoyed by them.

Next meeting of the troop will be Wednesday, Aug. 2, at the home of the leader.

SEVENTH WARD NOTES

Mr. and Mrs. James Crea and family, of Mt. Jackson road, are visiting with the former's mother, Mrs. Blanche Crea, of Coraopolis.

This evening the Crusaders Bible class of Madison Avenue Christian church will gather for a picnic at the home of Mrs. Ruth Coroka of 608 North Ashland avenue, at seven o'clock.

tary decision—"A fortuitous line resulting from the exigencies of war."

It said, however, that it "soon became apparent that the division of Korea for surrender purposes (in 1945) was to be arbitrarily interpreted by the Soviet occupation authorities as creating a permanent delineation between two military zones."

The White Paper said: "North of the 38th parallel, which had become a part of the 'Iron Curtain', the Soviet Union established a Communist regime. The formal creation of this regime, the so-called 'Democratic People's Republic of Korea', was proclaimed on Sept. 9, 1948.

"This regime has lived, as it was created, in complete defiance of the United Nations."

Since the Korean Reds launched their invasion on June 25 the United States has not charged formally that the Soviet Union is a direct participant in the aggression.

American diplomats have been careful not to give the Russians an excuse for touching off military action elsewhere which might flare into World War III.

The outlook was discussed at a White House conference Thursday attended by chairman Symington of the National Security Resources Board, Treasury Secretary Snyder, Commerce Secretary Sawyer, Labor Secretary Tobin, Interior Secretary Chapman, and chairman McCabe of the Federal Reserve Board.

The President is represented as anxious to avoid imposition of controls insofar as possible.

Report Koreans Are
Fighting Without
Being In Uniform

WASHINGTON, July 21.—(INS)—

An air force report indicated today that Korean Communist forces are throwing into battle large contingents of new troops so hastily recruited that they lack uniforms.

The indication came in a report that U. S. F-80 Shooting Star pilots strafed "a large formation of enemy troops dressed entirely in white" in the vicinity of Onjong.

Defense department spokesmen pointed out that white is the traditional and ordinary civilian garb in Korea, and the white military uniforms are unknown in recent warfare, except in snow-covered areas.

Would Make It
Tough On Black
Marketeers In U.S.

WASHINGTON, July 21.—(INS)—

Rep. O'Toole (D, N. Y.), wants to make it triply tough for black marketeers if rationing and price controls are revived.

In a letter to President Truman the New Yorker suggested that illicit dealers be given from one to ten years in jail and that they be fined three times the amount of their profits.

Such penalties would be far stiffer than anything meted out during World War II.

FAVOR MOVE TO
'FREEZE' SERVICE
TERMS FOR YEAR

(Continued from Page One)

The Senate committee asked representative of the armed forces to recommend legislation as soon as possible for reinstating allowances for families of uniformed men such as were in effect in World War Two.

To Consider Other Features Tydings announced that his unit soon will consider legislation to extend the GI Bill to Rights to men called up in the present emergency and to assure the armed services a sufficient number of doctors.

The "freeze" bill, asked by the administration, was amended by the House group to include enlistees in the National Guard if they are called for active duty.

Under the Senate bill, the one-year extension would apply to all personnel who enlisted in the active forces and the reserve, as well as the National Guard when it becomes federalized.

Atomic Plant Workers
Warned Against
Any Work Stoppage

WASHINGTON, July 21.—(INS)—

Atomic plant workers have a warning today that any work stoppage in the A-bomb program probably would muster public opinion behind drastic anti-strike laws.

This opinion was voiced by the National Planning Association, an independent non-profit organization created to promote industrial peace.

NPA issued a special report on labor relations in atomic plants stating that last May's wildcat strike of laborers at Oak Ridge, Tenn., "could result in public demand for more stringent safeguards."

Except for the five-day walkout at Oak Ridge, labor's record in atomic installations has been free of stoppages.

The NPA report stated, however, that there must be greater understanding and acceptance by rank-and-file union members of the machinery for settling disputes in atomic plants without strikes.

KOREAN EFFORT
TO ADVANCE ON
EAST COAST FAILS

(Continued from Page One)

offensive poured staggering new blows on the enemy with heavy bombing, rocket and strafing attacks that ranged from the southern coastal plain up to a point in North Korea within 100 miles of China's Manchurian frontier.

Still another major element sustaining the Red invasion ran into trouble when Lt. Gen. Walton H. Walker, ground commander in Korea, devised and put into effect new and successful methods of coping with guerrillas sneaking through Allied lines in the guise of refugees.

Gen. Douglas MacArthur said Walker's new tactics already had reduced to "manageable proportions" the enemy's crafty infiltrations such as those which aided in capturing Taejeon—and that soon they would disappear as a factor in the war. The nature of the anti-guerrilla methods was not disclosed.

While the invaders reportedly smashed to within 62 miles of the Korean peninsula's southern edge in their new drive down the western coastal corridor, the Communists on the east coast were being rolled back by combined United Nations land, sea and air counterattacks.

A dispatch from Gen. Walker's U. S. 8th Army Field Headquarters, received in Tokyo at 5:10 p. m. Friday (3:10 a. m. EDT), quoted a spokesman as saying "reports indicate a successful attack has been launched in the vicinity" of ruined Yongdok.

The officer said the counter-attack was being "supported by American artillery and Allied naval gunfire."

"Very good coordination has been obtained between land and sea units," he added.

Yongdok Destroyed Earlier, a communique from Gen. Douglas MacArthur's Tokyo Headquarters at 12:50 p. m. (10:50 p. m., Thursday EDT), quoted Vice Adm. Charles T. Joy, U. S. Far Eastern naval commander, as announcing Yongdok "has been destroyed by naval gunfire" from an American and a British cruiser.

Yongdok, lying athwart the eastern shoreline railroad and highway, is 25 miles north of Pohang, where the U. S. First Cavalry Division was landed amphibiously Tuesday. It is 90 miles north of Pusan, the biggest Korean port of entry for American troops and supplies.

Yongdok was captured by the Communists two days ago. South Korean infantry apparently launched the counter-attack to regain the city after it had been reduced by the naval bombardment to flaming rubble.

The support given by U. S. Army artillery to this counter-thrust was the first combat action by any American ground forces in the eastern coastal battle sector.

The 8th Army Field Headquarters spokesman did not identify the artillery units in action in the Yongdok fighting. But they were believed to belong either to the First Cavalry or the 25th Infantry Division.

CITY STAFFS UP CHICAGO.—City employment reached a record high last year, the International City Managers' Association reports, and now accounts for slightly more than 17 percent of the nation's public employment. Data prepared by the Census Bureau for inclusion in the 1950 Municipal Year Book places the number of city hall employees at 1,082,000 at the end of last year. This is 43,000, or 4 percent more employees than were on the cities' payrolls at the end of 1948.

Modern American motor cars have an average mileage of 100,000 before being scrapped.

President Will
Send Message On
Economic Curbs

WASHINGTON, July 21.—(INS)—

The White House announced today that President Truman will send to congress Wednesday a mid-year economic report detailing his requests for economic curbs and will ask for higher taxes later in a special message.

Presidential Secretary Charles G. Ross said that the economic report will be about 11,000 words in length and an elaboration of what Mr. Truman said in his special message to congress on the Korean war.

MURDER SUSPECTED

HONESDALE, Pa., July 21.—(INS)—A blood stained hammer was found today near the body of Andrew Krompasky, Sr., 60, found with a crushed head in a barn on the 100-acre dairy farm he operated in Wayne County.

State police launched an investigation and reported that Krompasky was last seen alive last night when he went to the barn.

Two Americans
Are Still In Seoul

EIGHTH ARMY HEADQUARTERS IN KOREA, July 21.—(INS)—The American Embassy reported today that only two Americans are known to still be in Seoul, Communist-held capital of the Korean Republic.

They are apostolic delegate Bishop Patrick Byrne and his secretary, Father Booth, who decided to remain in the city instead of leaving with American evacuees.

There has been no word from six Methodist missionaries stationed at Kaesong, which was overrun by the Reds in the first day of the Red invasion.

Several Catholic missionaries in other sections of South Korea were able to evacuate but the fate of several others in isolated areas has not been learned.

16 LIVING ANCESTORS

4-H CLUB NEWS

TO ATTEND PICNIC

Plans were made for attending the countywide 4-H picnic at Grove City Park, July 25, when the Volant Kid Kare Klub met at the school house Tuesday afternoon. Other plans included a party for tots in the care of the club members.

Following the business meeting, Miss Patricia Kelley inspected schedules made for children and

the 4-H girls. The ensuing hours were spent in making scrapbooks for small children.

Nine members and two guests were present. The latter were Betsy Kameyer, of Harrisburg, who is visiting at the W. J. Wilkin home, and Mada Ligo, of Transfer, who is a guest at the home of her aunts, Miss May Drake and Mrs. Alice Perdue.

Washington 4-H

Washington township Silver Needles met recently at the home of Betty Thompson. Business was conducted by the president, Betty Thompson.

Skirts were completed during

the work period, and work was continued on dresses. Plans were made for a box lunch to be taken to the 4-H picnic at Grove City Park on July 25.

The next meeting will be held at the home of Joyce McConnell, July 28, at 8 o'clock.

S. S. S. Club Has Meeting

The fourth project meeting of the S. S. S. club was held at the home of Mary Jane and Betts Lee Eidenre on July 14 at 1:30 p. m.

Sarah Ann Whitten conducted the business meeting and Jeanne Shaffer led in singing songs.

The girls were entertained by a lively game of mushball and light

refreshments were served by Mrs. Eidenre. The remaining portion of the afternoon was devoted to work on the projects.

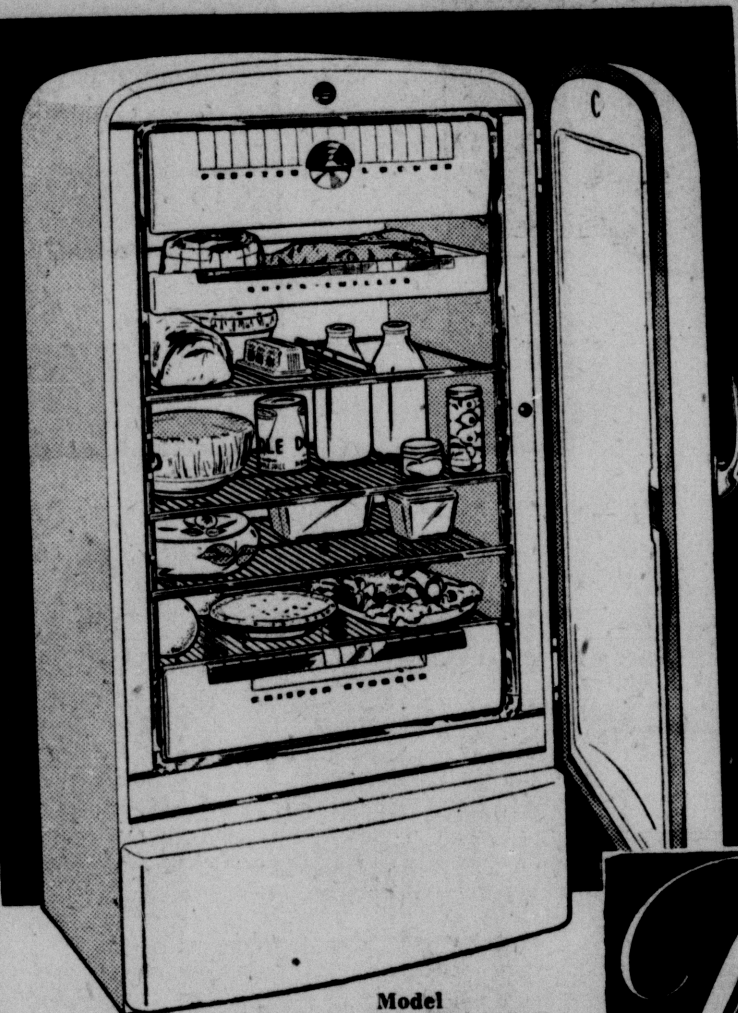

All members who have not finished the project are urged to attend a special meeting to be held at the home of Jeanne Shaffer on Thursday, July 27, at 9:30.

The regular bi-weekly meeting will be held at the home of Louise and Betty Jane Zehner on Friday, July 28, at 1:30 p. m.

Babson Discusses Issue Of Probable World War III

By ROGER W. BABSON

(Copyright—1950—Publishers Financial Bureau, Inc.)

NEW YORK CITY, July 21.—Every two months, at least, I come to New York to check over the outlook with a few very influential and well-informed people whose names readers would recognize. This is a review of their unanimous opinions at the moment.

Postponing World War III

These men insist that neither the United States nor Russia can afford a World War III at the present time. It certainly would result in destroying some of the larger cities of both nations and millions of innocent people. To prevent this we must gradually by infiltration extend our influence by appeasing, compromising or scaring southern Asia and western Europe into stopping the Communists. Added to this we must keep our own people happy by providing full employment.

At first thought this seems a cowardly position for us to take but it is believed that Russia also is anxious to prevent war and is willing to compromise to keep the peace. For instance, the United States might get out of Korea, while Russia might get out of Berlin and east Germany. A divided Korea or Germany would always be a tinder box for war. Russia would not suffer from atomic bombing as much as the United States, but the thought of the new H-bombs which can be used by artillery against her armies if they attempt to overrun Europe makes Stalin hesitate. Both sides may soon be looking for a "face-saving" way out.

More Inflation Inevitable

The high level of U. S. production should continue as long as the cold war lasts. When this comes to an end either by a hot war or by peace then will be the time for an economic crash. Even then the period of unemployment could be postponed further. Assuming people then stopped buying autos and the employees of the automobile companies are thrown out of work, the New York guess is that the government would loan people money to buy automobiles on ten-year payments and at a low rate of interest! Even now congressmen are asking "Why is not the government as justified in loaning money to buy furniture as to buy homes?" But, although the effects of Newton's law of action and reaction may be postponed, the law cannot be repealed. Trouble is coming someday.

I asked, if under these conditions the automobile companies would be allowed to make money for their stockholders? To this my friends answered "Yes, because the taxes which the federal government collects are dependent upon these auto companies and, in fact, all other companies paying dividends". Of course, such a "stop-gap" program requires continued high taxes, more borrowing and more inflation, war or no war. Such will then be all the more necessary because import duties will gradually decrease. World peace ultimately requires "free trade". Furthermore, the government will someday not be collecting part payment so much as it does now. When that happens mortgages and other debts of in-

dividuals will have to be extended and increased by the government.

Russia Does Not Need War

To repeat: The cold war will be continued until there either is a hot war or peace after which mass unemployment can be prevented only by the U. S. government adopting a more or less socialistic program. Hence, Stalin figures that if he is patient he is bound to reach his goal in the end, namely, the spread of Communism throughout the world. As one New York banker expressed it: "The market may have one more big whirl upward, but I fear that large investors are becoming 'like sheep being led to the slaughter' through destruction of property, or high taxes or inflation."

In the meantime, the U. S. will require vast sums: (1) For defense and especially for the removal of basic industries from our big cities; (2) For subsidizing consumers' purchasing power to prevent unemployment in the U. S.; (3) To help out domestic manufacturers facing destructive foreign competition due to the absolute necessity of reducing tariffs.

Rev. Tobe Mackey At Highland U.B.

Rev. Tobe Mackey, with Mrs. Mackey, will supply the pulpit of the Highland Heights United Brethren church both Sunday morning and evening on July 28. The Mackeys are originally from New Castle and will both sing and speak during the services. They are engaged in evangelistic work for the U. B. church. They were members of the First U. B. church, this city, before embarking into full-time service.

OKLAHOMA RUNOFF VOTE JULY 25

Rep. Mike Monroney

Senator Elmer Thomas

RUNOFF ELECTION for Oklahoma's Democratic senatorial nomination is scheduled for July 25 between Rep. Mike Monroney and Senator Elmer Thomas. Monroney and Thomas ran almost neck-and-neck in the regular primary, but five "also rans" won enough votes to keep either from getting a clear majority for nomination. (International)

HILLSVILLE

REUNION

The descendants of James and Maria Murphy numbering fifty-five met Sunday at Yellow Creek Park at Struthers, O., for their annual reunion. At noon a bountiful picnic dinner was served. Following the dinner the business meeting was in charge of the President Mrs. Margaret Davidson. The first procedure was the election of officers for the ensuing year with the following results: Honorary President Harry Murphy of Hillsville; acting president, Mrs. Margaret Davidson of Bessemer; vice president, David Long of Canton, O., and secretary and treasurer, Miss Mary Jane Hill of Hillsville. It was decided to meet the same place and time next year. Following the meeting the afternoon was spent in social chat and enjoying the amusements of the park.

CLASS MEETS

The members of the Friendship class of the Methodist church gathered at the home of Mr. and Mrs. Lynnford Groce on Friday evening for their regular monthly

meeting. The meeting was in charge of the President Vylus Latshaw. At a later hour the hosts served a very tasty and delicious lunch.

HILLSVILLE NOTES

Brother Asks
For ReceiverAsks Dissolution
Of Partnership

Before Judge W. Walter Braham Thursday morning, the equity suit of Frank J. Gardner of Perry township against his brother, Ben R. Gardner, of Ellwood City, was heard. The two brothers have conducted a plumbing and heating business under the name of Gardner Plumbing company.

The plaintiff claims that in 1932 he and the defendant entered into a partnership agreement wherein he was to supply \$2,000 in cash and the defendant to provide tools, equipment and inventory.

In 1946 the plaintiff claims the defendant made changes in the joint bank account so as to exclude the plaintiff's name from the account. He also claims the defendant has possessed himself of the partnership books and that for some months the plaintiff has not received any part of the profits or wages.

The defendant denies most of the allegations and says that the plaintiff after wages paid him were deducted.

OHIO ASKS INTENTIONS

Back in 1936 John Nossie is alleged to have held up the New Castle Drug company, for which he was indicted "in absentia". Shortly after he came afoul of the law in Ohio and a detainer was placed against him from Lawrence county. He has been in the Ohio penitentiary since 1936 and is eligible for parole in 1953. Ohio wants to know if Lawrence county still insists upon the detainer, or if it is going to abandon it. District Attorney Sherman K. Levine has the matter under consideration.

HOME FROM THE GAP

Judge Braham, co-ordinator of the Lawrence County Defense Council; Deputy Co-ordinator Paul G. Dingley and Jacob C. Wachtman, executive vice president of the Greater New Castle association, are home from Indiantown Gap. There they attended a conference of county co-ordinators, who met with Governor James H. Duff, State Co-ordinator Vincent A. Carroll, Col. Lewis F. Acker and Adjutant-General Frank E. Weber.

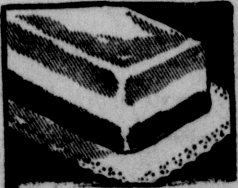

The conference was the first statewide meeting of the co-ordinators and was for the purpose of briefing the county heads on the statewide plan.

Rev. Virgil Maybray At First Methodist

First Methodist will be honored Sunday, July 25, when one of its own sons, Rev. Virgil E. Maybray, supplies the pulpit in the absence of vacationing pastor, Rev. James A. Gaiser.

Rev. Maybray, pastor of the First Methodist church, Sharpville, Pa., is a product of the local church and received his preacher's license from there. He is a graduate of Taylor university and Westminster Theological Seminary in Maryland. He served pastorates in Chicora, Pa., and Aberdeen, Md., receiving his master's degree from Temple university this summer. The local youth will speak on Sunday morning on "Rules For A Successful Church".

Rev. Maybray is the son of Mrs. Helen Yokes, 456 East Washington street.

Around Hollywood

By JAMES PADGITT
(International News Service Staff Correspondent)

HOLLYWOOD, July 21.—(INS)—Valentina Cortese, who leaped to film fame when she played tic-tac-toe on the naked chest of Richard Conte in a celluloid love scene last year, apparently has emerged as Italian movie queen of Hollywood.

With Valli packing her bags to leave the cinema capital, La Cortese reigns supreme in her hilltop home as her native country's top glamour gal in the film capital.

Valentina is surrounding herself with the mystery and reticence anent her private life that made Garbo a great celebrity.

Not Seen Much

The Italian beauty in all of her two years in Hollywood is yet to be seen on the dusk-to-dawn night club circuit or found being the life of the party at a Beverly Hills soiree.

As far as intimates know, she had no date with any of Hollywood's eligible he-men since she made her debut in "Thieves Highway."

She speaks of a conductor back in the old country whom she claims is the great love in her life, but she will not reveal his name. Between Hollywood pictures Valentina high tails it back to Rome for a picture or two and to continue her romance with the musician.

"She just claims up when we ask her something personal," a spokesman for 20th-Century-Fox studios

said. "We don't think she has ever dated anyone. She goes to small get-togethers, but she always goes with a married couple."

"When she wants to take in a concert or a ballet she asks one of the studio's women employees to go with her."

Sea-Green Eyes

The studio said that about all they "had on her" was that she tips the scales at 108 pounds, stands 5 feet 3, has sea-green eyes and was born in Milan and later as an orphan spent her childhood with her grandmother at Stressa, on Lake Maggiore.

Fox signed Valentina because the studio was in the market for a sultry number who could impart a continental touch to the "High-

way" picture. The love scenes proved to be so sizzling that the studio had to shoot retakes—to tone them down and to hold Valentina to a roar.

Valli Gives Up
The same thing happened at Metro-Goldwyn-Mayer when Valentina was loaned to that studio for a siren role opposite Jimmy

Stewart and Spencer Tracy in "Malaya."

Valentina's next is to be "Tele-graph Hill" in which she probably will emote with Victor Mature in the story of a woman inmate of a concentration camp who takes on the identity of a dead woman and comes to America to get into one scrape after another.

Valli surrendered the field to

Cortese in favor of New York and Europe when she reportedly became dissatisfied with her Hollywood.

THIEF CONFESSES
LONDON—(INS)—Because his girl-friend refused to "associate with a thief," a 14-year-old boy confessed to East London juvenile court magistrate to over 200

crimes, mostly thefts from buildings. The boy was charged with stealing property totaling \$4,200. The boy explained his confession had been made because of his girl friend. "She refuses to go with a thief," he said. "Now I can have a clean sheet."

Leopold Will Be Notified Of Action Taken

BRUSSELS, July 21 (INS)—Belgian Premier Jean Duvieusart is scheduled to fly to Switzerland today to advise exiled King Leopold III officially of parliamentary action authorizing his return.

The premier, who will be accompanied by the presidents of the chamber and the senate, will urge that Leopold, exiled for five years since the end of the war, return to Belgium Saturday morning by plane.

A joint vote of the two houses was taken yesterday. The senators and deputies voted 198 to 0 for the return.

Advices from Geneva said that the officials from Brussels will visit King Leopold at 6 p.m. and that it is expected the monarch will end his residence in Switzerland at that time.

Security measures attending the expected immediate return of the king are expected to be completed in Brussels some time this afternoon.

CHURCH SOCIETY MEETS

Assembling Wednesday night in the church, the members of the Ladies Altar and Rosary society of the St. Monica church held their monthly meeting.

The meeting opened with prayer by Mrs. Roy Caughey. Mrs. Guy Denair, president, conducted the business session. Plans were completed for a picnic, August 15, at the park in East Palestine, O.

Honoring the birthday anniversary of Mrs. Caughey, the group presented her with an array of pretty handkerchiefs.

Delicious refreshments were

served by Mrs. Joseph Hozick and Mrs. John Hergenrother after which the group were dismissed with prayer by Mrs. Joseph Dombeck.

Another meeting is scheduled for August 23 in the church with Mrs. James Ferrante and Mrs. Dombeck as hostesses.

SON BORN

Word was received by Mr. and Mrs. Charles Butler, of the birth of a son, Wednesday, in the Johnstown Memorial Hospital, to Mr. and Mrs. Robert Schrock.

Mrs. Schrock is a daughter of the Butlers. Mr. Butler left Thursday for Johnstown to spend a few days with the Schrocks.

REPORT BIRTHS

Born, Wednesday, in the Jameson Memorial Hospital, New Castle, twin daughters, to Mr. and Mrs. Joseph Craven, of Beaver street.

Born, July 17, in the Mary Evans Hospital, Ellwood City, a daughter, to Mr. and Mrs. Robert Conrad, of Main street. Mrs. Conrad is the former Mary Louise Mielke, daughter of Mr. and Mrs. Frank Mielke.

WAMPUM NOTES

Mr. and Mrs. Joseph Lalley, of New Castle, were recent visitors here.

Mr. and Mrs. James Cook, of Main street, have returned home from a vacation trip in Wyoming.

Mr. and Mrs. Lewis Patterson, of New York City, spent the week end with relatives and friends here.

Mr. and Mrs. Don Andrea and son, Jimmie, of Jamestown, were recent visitors with Mr. and Mrs. L. E. Yoho, of Clyde Street.

Miss Ida Margaret Bingham, student nurse in the Presbyterian Hospital, Pittsburgh, is visiting her mother, Mrs. J. G. Bingham.

MANGANESE USE

NEW YORK—The United States consumes one-third of the world's production of 4,000,000 gross tons of manganese. Steelways Magazine reports. Domestic production, however, is extremely limited. Soviet Russia, of all the countries that use manganese in substantial amounts, is the only one that is self-sufficient.

Republicans In Senate To Reply To Sen. Tydings

By GLENN M. GREEN
(U. S. Staff Correspondent)

WASHINGTON, July 21.—Senate Republicans fire back today at Sen. Tydings (D Md., for his caustic assault on the McCarthy Communism-in-government charges.

Tydings, chairman of a Senate investigating subcommittee, labeled accusations by Sen. McCarthy (R Wis., that the State Department is riddled with Communists as "mad" and "filth."

Senate GOP Leader Wherry, Neb., sounded the theme Republicans are expected to elaborate upon.

Probed McCarthy

Wherry stated that the subcommittee investigated McCarthy himself instead of his Communism charges.

The GOP leaders made this comment on a two and one-half hour speech by Tydings:

"When he got through, I was more determined than ever that the American people want us to set up a bi-partisan commission to do the job they want done."

"All Tydings did was talk about McCarthy. He didn't shed any light on the investigation. His talk was convincing evidence that we need a bi-partisan commission."

Sen. Lodge (R Mass., one of the two Republican members of the Tydings subcommittee, is expected to speak, along with Sen. Ives (R N. Y. More Republicans may join the fray.

Meanwhile, McCarthy renewed his charge that "all the power of the administration is dedicated to the task of protecting the traitors, Communists and fellow travelers in our government."

The Wisconsin Senator said he would read to the Senate Monday some of the State Department files on which "Tydings cleared these people—just to show the people the record."

The Republicans have filed two resolutions calling for a continuing investigation of alleged Communist sin the State Department by a "trained, bi-partisan" commission.

"They will push for adoption of this proposal."

In his summary of the investigation, Tydings—by turns bitter, angry and sarcastic—called McCarthy's charges a "farce . . . a fraud . . . (and) a deceit" on the American people. He called the allegations "foul and vile charges."

PORTALES, N. H.—Glen Austin's car sounded its own fire alarm. Austin was awakened at 1 a. m. by the car horn and looked out to see the car in flames. He thinks the heat melted the horn wires.

First Baptist Interim Pastor

Dr. Will Gordon

Dr. Will Gordon of St. Louis, Mo., former national field director of the National Association of Evangelicals has been chosen interim pastor of the First Baptist church, it was announced today.

Dr. Gordon, ministered at the church last Sunday, and a call was given him to serve as interim pastor of the congregation to serve until such time a call can be made to a regular pastor.

Serving as pastor of the First Baptist church of Chicago's Southside, for seven years, Dr. Gordon also served for three years at Robinson, Ill. He has held several other pastorates and has been engaged in evangelistic work. He has been an instructor in colleges and universities.

Dr. Gordon received his training at Princeton University and the Chicago Theological Seminary. Mrs. Gordon will join her husband here, when suitable housing accommodations can be arranged for the couple.

The church has been without the services of a regular pastor since June 1, when Rev. Oliver W. Hurst resigned to accept a call to the First Baptist church of Hamilton, Ohio.

Dr. Gordon will officially begin his new duties next Sunday morning when he will speak on "Visions Splendid" while in the evening he has chosen to speak on "Not Reformation, But Regeneration."

Seven Reported As Missing In Korea Return To Units

WASHINGTON, July 21.—(INS)—The Defense Department today released the names of seven men formerly reported missing in Korea who have now safely returned to their units.

At the same time, the names of two more dead, four wounded and four missing were made public.

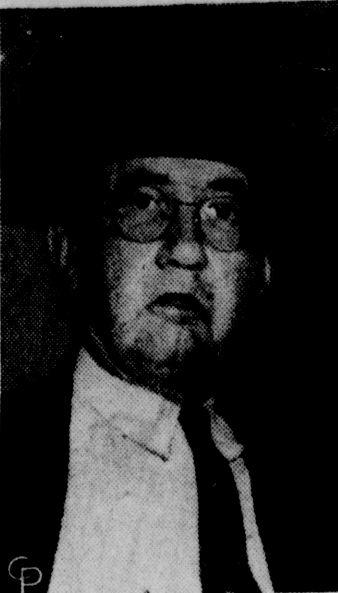

The total missing officially now stands at 148. The seven who have returned include:

Sgt. Anthony J. Barone, Baldwin, N. Y.; Pvt. Everett G. Hardy, Beagoo, W. Va.; Cpl. David L. Liggett, Elkins, W. Va.; Pvt. Howard Lutz, Jr., Ephrata, Pa.; and Sgt. Eugene E. Owens, Baltimore, Md.

Cpl. Harry R. Plummer, Lisbon Falls, Maine, and Pvt. James A. Wallis, Pittsburgh, Kan., have died of wounds.

The wounded and new missing announced today included no Pennsylvanians.

Held, Wife Dead

Joseph Gogan

JOSEPH GOGAN, 63, has been charged with first-degree murder in cyanide poisoning death of his estranged wife, Hazel, 47, in Lakewood, O. Mrs. Gogan was found semi-conscious with cyanide powder spilled on her face when a neighbor called police, saying a man was trying to break into Mrs. Gogan's house. Gogan said he had visited the house to get two valuable paintings and the cyanide was spilled as Mrs. Gogan tried to stop him.

(International)

He said that when American transmitters operate on frequencies close to those being used by Russian transmitters, the Soviets keep right on trying to jam them, with the result that they often jam their own as well.

But Lott added that it is unlikely that all Russian transmissions would be drowned out in this manner, since American frequencies are not close enough to all of them.

Man Shoots Uninvited Rattlesnake At Party

WAYCROSS, Ga., July 21.—(INS)—The Roland family of Waycross wants no more "uninvited guests."

Dinner was disrupted at the G. W. Roland home when the "guest" crashed the party, climbing a lamp and waved his head over the dining table.

While Mrs. Roland screamed, her husband seized a pistol and took immediate action. The "guest"—a four-foot rattlesnake—fell dead on the floor.

PIGEON FEAST

LONDON.—(INS)—Britain's two million homing pigeons have received a new lease on life. They can now fill their crops with unrestricted quantities of maple peas, tie beans, tares and pulses. For after nine years of forms, coupons and counterfoils the Ministry of Food has ended the rationing of their feeding stuffs.

UNKINDEST CUT

NORTHAMPTON, Mass.—Leaving police headquarters after buying a \$5 advertisement in the policemen's ball program, Francis C. O'Donnell found his automobile had been tagged with a "no fix" parking ticket.

Big Tourist Season Predicted For State

HARRISBURG, July 21.—Pennsylvania is having its best recreational travel and vacation season in history, according to reports being received by the vacation and recreation bureau of the Department of Commerce.

The secretary points out that resort hotels and inns, which had expended about three million dollars in expansions and improvements before the opening of the summer season, are entertaining larger numbers of out-of-state visitors than ever before.

Most of the improvements were noted in the Pocono Mountains of northeastern Pennsylvania, the Keystone State's largest resort area. However improvements have also been made in smaller resort areas such as Eagles Mere, Bedford Springs and Bedford, in the Ligonier Valley, surrounding Ligonier, at Cambridge Springs, Conneaut Lake and other locations.

Official For Voice Of America Says U. S. Not Jamming Broadcasts

NEW YORK, July 21.—(INS)—An official of the voice of America said today that the United States does not "jam" Russian broadcasts, but the Russians may be jamming themselves.

Vestel Lott, special assistant to the chief of the State Department's shortwave service, explained that the Russian efforts to draw out American broadcasts often backfire.

He said that when American transmitters operate on frequencies close to those being used by Russian transmitters, the Soviets keep right on trying to jam them, with the result that they often jam their own as well.

But Lott added that it is unlikely that all Russian transmissions would be drowned out in this manner, since American frequencies are not close enough to all of them.

Building Curbs Are Considered

WASHINGTON, July 21.—(INS)—Raymond Foley, housing and home finance administrator, said today that the government is considering restrictions on the size of housing projects and curbs on building in high-cost areas.

Foley outlined these possible steps to newsmen after he discussed with President Truman plans for further curbs on housing credit to make more materials available for the arms program.

The President already has ordered strict curbs on both the federal and veterans' housing programs, including larger required down payments.

ST. LOUIS—Detective Ernest Jablon was getting his hair cut when his barber took a \$2 horse race bet from another man. Jablon waited until his hair was groomed before arresting Jacob M. Fields, 73.

Epworth Church Members Meet

District Superintendent Presides At Session

Annual church meeting of Epworth Methodist church was held Wednesday evening with the District Superintendent, Dr. T. H. Morris of Grove City presiding. Recent election of four Trustees was confirmed. Howard Reynolds, V. O. Potter, Mrs. Wayne Stitzinger and Blair Alverson were confirmed as Trustees, while H. B. Williams, George Mattocks, Harry Britton, Mrs. Wm. V. Johns, Wm. Twaddle, Gust Sanfilippo, Wm. Blews, Jr., Clare Roberts, Crawford Richards, Herbert Rodgers, Augustine Giancola, Albert C. Lusk, Dr. Mary Baker Davis, Mrs. J. F. Renz, David Stokes, Lavina McConahy, Mrs. Paul Workman, Dorothy Depp, Dr. Kenneth Vorhees, Fred McClure, Mable Davis, Mrs. J. E. Rodgers, Mildred Lusk, and A. R. Armstrong were elected for a term of three years to the Board of Stewards. This list completes the quota of forty-eight Stewards allowed by the law of the church, for a church of Epworth's membership.

Newell A. Kelly was elected Lay-Member of the Annual Con-

ference with Harry McCurdy as reserve member. Norman Clark, President of the Board of Trustees spoke for the Pastoral Relations Committee and urged the reappointment of Rev. Howe as Pastor of Epworth church for the coming year. The Pastor's report showed many statistical gains, and an emphasis on Young Adult and Youth work. The plans he presented for the ensuing year were chiefly concerned with the integration of all church activities in accord with the "Advance for Christ" and local needs and opportunities. The report of the Sunday School Superintendent V. O. Potter, showed a steady increase in effective education, attendance and offerings. After some discussion by Dr. Morris, of a matter of interest only to Epworth church, the meeting was adjourned and the group retired to the Community Rooms of the church where the women of the church had prepared refreshments in a beautifully decorated setting in honor of Mrs. Howe's recent birthday. Mrs. Howe received many very lovely gifts and cards from those present.

The conference was notable in the fact that it was the most largely attended quarterly conference in Epworth church in recent years.

Boys Registering For Derby Here To See Ellwood Derby

Boys intending to enter the Orange Crate Derby on Labor Day will receive a free trip to Ellwood City to see its derby next Wednesday. They register at Gus' before 9 o'clock Monday evening.

New Castle Optimist club will furnish transportation and see that all boys are taken care of. It is believed that by seeing the Ellwood derby the boys will be better informed on how to improve their own entries. The Optimist club would like to see as many boys as possible take advantage of this opportunity and urges the boys to get their derby entries in.

In the 1860s the Treasury department employed only one woman; in 1947 the department had 43,000 women on its payroll.

IMPORTANCE OF GOOD MANNERS

"To impress their importance on my young son, I tell him that good manners are indispensable in social life—that they are more important than money, clothes, 'book learning' or any other mental or physical asset. Do you agree with me? I wish you would say something about this subject in your column."

Answer: I do, indeed, agree with you! In social and business life, we naturally turn to people with whom we can be at ease—those whose manners please us.

When we are introduced to strangers, their first interest is not our financial status, the extent of our wardrobe or whether we possess an M. A. degree. Their first impression is whether we are boots or civilized—whether we are refined or uncouth—gentle or rough. In other words, whether we have had proper social training. There is no personal asset of greater value than good manners—knowing how properly to handle silver at table—when to rise and when to remain seated—how graciously to accept introductions—being poised and at ease and similar knowledge that dispels all suggestion of inferiority complex. Good manners pay excessive dividends. Through them you will make lasting friends wherever you go.

Question: When I visit a new acquaintance who offers me a cocktail, is it correct for me to

refuse it? I never drink anything alcoholic.

Answer: It is the privilege of anyone who does not drink alcohol to refuse a drink. "No thank you" should suffice. If an explanation is desired, you might reply: "I don't drink alcohol." But do say it in a manner that will not sound disapproving.

Present your problems to Miss Markel who will promptly send personal replies to questions from readers inclosing stamped, addressed envelopes.

Trucks Carrying Explosives To Be Banned In Tunnels

HARRISBURG, July 21.—(INS)

Trucks carrying explosives or inflammable cargo will be banned after July 28 from using the seven tunnels on the Irwin-Middlesex section of the Pennsylvania turnpike.

"Traffic on the turnpike has increased to such enormous proportions in recent years that, after a survey lasting almost a year, as a safety measure and to expedite other traffic that vehicles containing these types of commodities would have to be excluded," the commission reported.

Prior to the order, trucks hauling cargo of this nature were permitted to use the tunnels between midnight and 8 a. m. each day except holidays and holiday weekends.

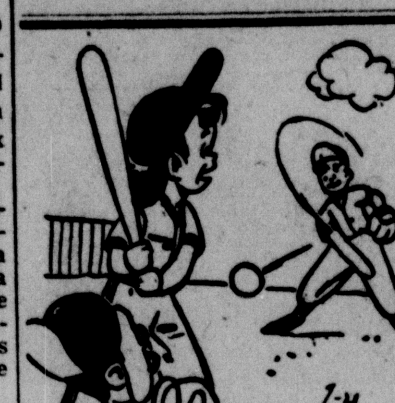

"This plan," reported the commission, "created a hazard and delay for other traffic because vehicles were detained on the paved surface approaching the tunnel portals."

The ban does not exclude these trucks from moving over other sections of the super-highway, according to the commission.

THE FAMILY SCRAPBOOK

By I. R. ERNEST G. OSBORNE

"Tomboy" in The Family Barbara insists that everyone call her Bobby. Only under the most pressing circumstances will she wear dresses. Blue jeans and a boy's shirt are her choice. But Bobby is only eight years of age. The Redmans—Bobby's parents aren't worried about her. Indeed they're rather proud that all the boys in the neighborhood accept her as one of them.

Jo Ann is always called Jo. She, too, likes boys' clothes and wears them whenever she can. She's a good athlete and swings along

with a mannish stride. Jo Anne is nearly seventeen and her parents are disturbed about her boyishness.

What about this tomboy business? Like so many other things, there's no clear cut answer. Many a young girl has found boys' activities much more interesting than those of girls, or boys' clothes better suited to the things she likes to do. Perhaps in most instances, there's no deep underlying problem. It's just a phase of growth. But we parents do need to ask ourselves whether without meaning to, we may be encouraging our girls to strive to be boys. Perhaps we show more interest in boys. Sometimes parents have so wanted

a boy that they have "pressured" a daughter to try to take the place of the missing boy.

As girls move into their teens normally they want to be more feminine. It is then that continued tomboyishness is something about which we should be concerned and guard against.

Will Outline U.S. Program

Military Chiefs To Give Congress Facts

WASHINGTON, July 21.—(INS)—Military manpower chiefs of the armed services are going before congress today to outline America's new defense program against communist aggression.

Hearings are scheduled to open simultaneously before the house and senate armed services committees on administration-sponsored legislation.

Identical measures, introduced by the committee chairmen, would remove until July 9, 1951, the present 2,005,000 ceiling on armed services' strength. They would authorize President Truman to extend present enlistments for one year.

May Act Today

House majority leader McCormack (D) Mass., said the house committee is expected to approve the legislation today. McCormack has scheduled it for house passage next Tuesday. Similar swift action is anticipated by the senate committee.

Chairman Vinson (R) Ga., of the house group told newsmen he wants a complete picture of armed services plans.

Vinson stated: "We want to find out how many men the military services plan to call up, what ships the navy plans to put into active service, and what other steps are to be taken to meet this emergency."

Zelenople Home Plans Reception

Annual Reception Day of the Old People's Home of the Pittsburgh Synod, United Lutheran church, at Zelenople, Pa., will be held Thursday, July 27.

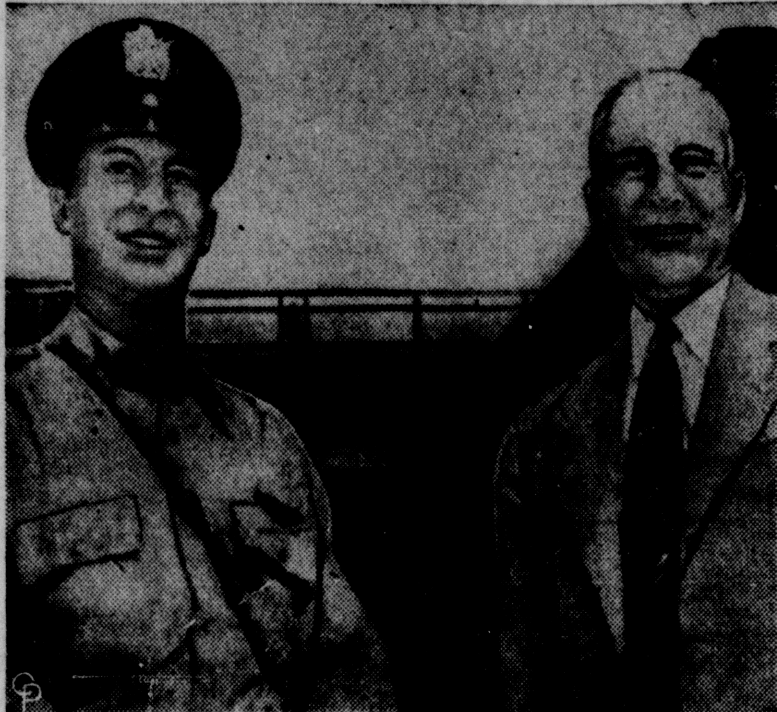

Dr. Theodore Buch, pastor of the Zion Lutheran church, Johnstown, Pa., will be the principal speaker, with the program beginning at 2:15 o'clock.

A special feature of the program will be the unveiling of the corner stone of the new Chapel wing, now under construction.

DIAMOND PALS

CHICAGO, Ill.—(INS)—Diamonds may be a girl's best friend, but most women want one as a symbol of permanence—preferably on the third finger, left hand. So says Leo Pevsner, a Chicago diamond wholesaler and manufacturer of wedding and engagement rings. Pevsner says most women want a diamond because it lasts forever, as she hopes her marriage will.

Plane Noses Over; Occupants Unhurt

NEW DURHAM, N. H., July 21.—(INS)—An amphibious plane nosed over during a landing on Merrymeeting Lake but the occupants, an Ohio businessman and his wife, were unscathed today after climbing through the cabin window.

Dudley Moor, 47, and his wife, Edith, 44, of Toledo, suffered only slight bruises in the crash. A speedboat took them safely to shore, after which they were treated at Huggins Hospital in Wolfboro.

The couple had flown from Toledo to vacation with friends at a summer home here. Moor said he would have the plane repaired and flown back to Toledo.

Marvin Swartz To Sing Tonight

Mr. and Mrs. Marvin Swartz of St. Paul, Minnesota, talented musicians will be heard in a special concert this evening at 7:45 o'clock in the Northside Community church of the Christian and Missionary Alliance on Wilmington avenue.

Mr. Swartz is an accomplished singer and will be accompanied at the piano by his wife. A Gospel message will be given following the musical program.

Harry I. Carter Enlists In Navy

Harry I. Carter, son of Harry Carter, Jr., 310 Locust street and grandson of Mrs. Nora M. Carter, has enlisted in the U. S. Navy and is at Great Lakes Naval Training school. He was a member of the Senior High school band, member of the Twin-City Elks band and the Van Lee McKay Dance band until he enlisted.

More Cities In 100,000 Class

WASHINGTON, July 21.—(INS)—Preliminary census figures showed today that 15 more U. S. cities have joined the ranks of those with populations of 100,000 or more.

Only one city—Lowell, Mass.—among the 92 listed in this population bracket in 1940 failed to make the grade in this spring's new tally.

Austin, Tex., with a 1950 population of 131,964 headed fifteen newly listed in the 100,000 or better class.

At the other end of the group is Little Rock, Ark., with a count of 101,987.

Cities in between and preliminary figures on their total population are:

El Paso, Tex., 130,003; Mobile, Ala., 127,129; Shreveport, La., 125,506; Baton Rouge, La., 123,954; Savannah, Ga., 119,109; Berkeley, Calif., 112,125; Evansville, Ind., 109,867; Corpus Christi, Tex., 108,051; Allentown, Pa., 106,254; Montgomery, Ala., 105,715; Phoenix, Ariz., 105,003; Waterbury, Conn., 104,209 and Pasadena, Calif., 103,971.

W.S.C.S. TO MARK BIRTHDAY EVENT

U.N. To Provide Some Combat Units For Korea

By PIERRE J. HUSS
(U. N. S. Staff Correspondent)

LAKE SUCCESS, N. Y., July 21.—Competent sources provided International News Service with information today that combat units from various U. N. governments will soon be fighting shoulder to shoulder with American troops in Korea.

This international expedition is shaping up slowly but gradually behind the apparently unresponsive attitude of many U. N. governments to the week-end call of Secretary Trygve Lie for ground troops from 50 member nations.

Military security may keep the identities and sizes of the troop contributions for Gen. MacArthur's command indefinitely under wraps but the information available to INS indicates that the offers coming in to the unified command of U. N. (Washington branch) from several nations concern "effectives" and not vague offers of unrecruited men. The impression is that they can be put into the field in Korea under the U. N. flag within reasonable time.

U. N. and U. S. sources have been hesitant and cautious to give out information on prospective troop contribution but a U. S. spokesman broke the silence today by depicting the unified command as "pleased" at the way governments have offered ground forces in the first week since Lie made his request.

FUNERAL SUNDAY

CLEVELAND, July 21.—(INS)—Services will be held at Baldwin-Wallace College Sunday for Dr. Albert Riemenschneider, director of the school's conservatory of music for a half century.

Dr. Riemenschneider, considered one of the world's greatest authorities on Bach, died in Akron City Hospital. He was 71.

It costs the government less than 3/4 of a cent to make a piece of paper money.

SPEED TROOPS TO FRONT IN KOREA CONFLICT

SOUTH KOREA—Army two and half-ton trucks speed troops of the 1st Cavalry Division to the fighting front to aid in turning back North Korean invaders.

Widow On Relief With Six Children, Now Has Triplets

NEW YORK, July 21.—(INS)—A 37-year-old widow on home relief, already the mother of six children, including twins, today has two more girls and a boy—triplets. The last of the babies was born at 12:03 a. m.

"I'm so excited and happy I can hardly talk," Mrs. Sally Breen, who lives in a three-room apartment in Brooklyn, exclaimed in Flower-Fifth Ave. hospital.

Mrs. Breen's husband, Fred, died last February.

The three new infants were born within eight minutes of one another.

The first, a girl who will be

named after her mother, was born at 11:55 p. m. She weighed four pounds, nine ounces.

The second, a girl who will be named after Jeanne McCausland, the attending nurse, was born at 11:59 p. m. She weighed five pounds, 14 ounces.

The boy, who will be named after his father, arrived at 12:03 a. m. He weighed six pounds.

A hospital spokesman said: "All the babies are beautiful and they are all in good condition, as is the mother."

Mrs. Breen's other children, staying temporarily in a Catholic institution, are John, 16, James, 15, William, 12, Dennis, 7, Rosemarie and Fredia 2.

Mrs. Alvin Herberg Honored By Local Women Of Moose

A meritorious award was given Mrs. Alvin Herberg by the graduates regents under whom she served, and Mrs. Huldah Doerr, when officers' chapter night was observed Wednesday evening by the Women of the Moose, chapter 8, at the Moose home.

Senior Regent Mrs. Doerr presented Mrs. Herberg with the emblem of the degree, the defending circle of the degree of the academy of friendship.

With this honor Mrs. Herberg received a life membership in the Academy of Friendship. This marked the first time a local member was awarded the emblem. The award was given for the outstanding work Mrs. Herberg has contributed to the local chapter and to the Child City, Mooseheart.

Under the supervision of Senior Regent Mrs. Huldah Doerr, several new candidates were initiated into the organization.

A gift of money was sent to Rev. Thomas Jones, who has been quite ill for his many kindnesses bestowed on the Women of the Moose.

Corresponding Secretary Mrs. Josephine Trumble read letters of thanks from Sister Mary John of the New Castle hospital for the donation given to the children's ward and from the Margaret Henry Home thanking the organization for its donation.

A round robin of get well cards was sent to Mrs. Violet Burgo and Mrs. Ethel Cumberland, two of the members, who were injured in accidents.

Lunch was served by the officers, who were hostesses for the evening. Afterward a shower of hankies was presented to Senior Regent Mrs. Doerr in observance of her birthday anniversary.

The next regular meeting will be held on August 9 at the Moose home. On July 24 at nine a. m. Women of the Moose will hold a breakfast at Cascade Park following which a chairladies' meeting will be held.

Guests were George Griner and John Heintzelman of the Columbus, O., Rotary club.

Polio Foundation Head's Daughter Polio Victim

RICHMOND, Va., July 21.—(INS)—Mrs. Sidney Culver, daughter of the president of the National Foundation for Infantile Paralysis, is a polio patient today in a Richmond hospital.

Attaches at the Medical College of Virginia said the 30-year daughter of Basil O'Connor is "not in serious condition."

Mrs. Culver, who reportedly had been ill for a few days, was admitted to the hospital following examination by Dr. John R. Troxell of Winchester, Va.

Soviet Propaganda Assails Western 'Imperialism' Anew

LONDON, July 21.—(INS)—Russian propaganda organs assailed alleged western "imperialism" again today and reported what were termed vast Soviet defense preparations against possible attack.

One broadcast by Moscow radio said that the Soviet Union is "organizing all its resources." The London Daily Telegraph quoted a statement by the Communist Party Central Committee to the effect that the preparations constitute a speedy answer to President Truman's Congressional Message asking for arms expansion in view of Communist aggression in Korea.

The committee statement, monitored by the London Daily Telegraph, said:

"It is necessary for the Soviet people to keep constantly in their minds the existence of the threat of an attack on the U.S.S.R. by imperialist powers to restore capitalism in our country."

"In the face of these dangers, the U.S.S.R. must have a powerful army and navy and well-organized punitive organs and an efficient intelligence service."

(Distributed By International News Service)

Tulsa, Oklahoma, As Of Today

TULSA, Okla., July 21.—There are still lots of cowboys and Indians in Oklahoma. But it is not true that they play tag or scalp each other on the principal streets of Tulsa. Even the outlying districts and suburban streets are relatively free of such activities nowadays.

As a matter of fact, Tulsa is a remarkably beautiful city, an emerald oasis in this sun-baked section. It is almost as famous for its trees as Joyce Kilmer. And it is filled with an awesome array of million-dollar homes built over the past 25 years by gent who found oil in the back forty.

Doubled In Size
The city has doubled in size in the last 25 years and is now growing so rapidly that no vacant lot is safe. Where other communities are surrounded by housing projects in the \$8,500 to \$12,000 class, this municipality is mushrooming with stream-lined, prefabricated, California ranch house type homes, complete with picture windows and flagstone terraces, that sell for \$35,000 and up.

And when a local squaw orders a new blanket, she specifies solid sable. Only the poor people must endure the ignominy of a mere trace of chickens in every pot. The six car garage and guinea hen under glass is standard here.

Tulsa is proud of its skyline and with a reason. Its skyscrapers are numerous and one more has just the new First National Bank Bldg., been added to the horizon. It is which is to be formally opened with a great deal of civic fanfare toward the end of this month.

Wedding Cake Moderne
Although the city is glad to have another skyscraper and more badly needed office space, the new bank building has caused a good bit of

heartburn. It was designed by a firm of smart-alek eastern architects, in the eyes of numerous Tulsans, and is the city's first truck with wedding cake moderne, to which New Yorkers have become case-hardened since the post-war rash of glass-and-white-brick buildings began to rise on Madison and Park Avenues and points east.

It looks light and frivolous, set among Tulsa's staid red-brick pre-war skyscrapers, like a platinum blonde Jezebel among the matrons of the North Side Ladies Aid.

But I do not want to leave the public with the impression that Tulsa is just full of money, money, money. My adopted home town is shock full of culture, with the cash to put on the barrel head for Picasso or Puccini. It boasts an art gallery, a symphony orchestra, a first rate little theater, one of the most beautiful country clubs in the world and a university that can afford to buy football players in competition with the Big Ten or Ivy league.

Now Has 5,000 Students
When I was a cub reporter here 25 years ago, the University of Tulsa had 500 students, a tennis court and two many old red brick buildings on the edge of town. Today it has 5,000 students, a football team with hot and cold running quarterbacks, and a campus that has grown too fast for the Ivy to keep pace.

The campus today is a stately quadrangle surrounded on three sides by numerous handsome native fieldstone buildings of twentieth century Gothic design. The university is really a monument to the oil industry, of its leaders have vied with each other in bestowing buildings and largesse on the school.

The Southern Hills Country Club is a minor Taj Mahal, not so much in architecture as in tout ensemble, including its dazzling view of the Tulsa skyline and its velvety fairways. The club was built by a Scotch architect, whose old father came to Tulsa to visit just as the club was completed.

The old gentleman was taken on a tour of the property by his son and the ten or twelve oil multimillionaires to whom it was another toy. The elderly Scot said never a word as the club's marvels unfolded

ed until finally prodded for an opinion, he asked his son:

"Can they pay for it, Mon?"
The Tulsa Club, the culinary marvel of the state when I was here in 1925, then occupied the basement of the Kennedy building. Today, it owns its own multi-storied building.

My first Tulsa beau took me to the old club to eat plank steak, and I didn't know how to eat the plank any more'n the average member. But today, the headwaiter sets fire to the joint with crepe suzettes and the new generation of sophisticates doesn't turn a hair.

As far as I can see, the people of Tulsa still have a heart as big as all outdoors, and a poke to match.

CURRENT SEASON IS SHORT

Make the most of the current during its brief season. Feature currants in as many meals as you can, process the berries into juice or make them into jams and jellies. Look for currants that are fresh,

well-colored, firm, attached to the stems. Currants have a short life and are perishable. Plan to use what you buy within a day or two. Keep currants in a cool place where the air circulates. Spread on shallow trays to keep them from crushing. Do not wash or stem until ready to use them.

LIGHT COLORED STRAWS NEED SPECIAL CLEANING

Spotless straw hats and straw handbags are essential for that much desired well-groomed appearance. Soiled, natural-colored straw hats may be cleaned without difficulty.

An art gum eraser may be used to clean the straw or you may

make a soap lather, apply it to the straw, then wipe with a cloth and wring out of clear water. Before doing any washing, clean an inconspicuous spot to make sure the hat will not be ruined.

Straw handbags may be cleaned in a similar way. When straw handbags are lined, be careful not to get the straw too wet.

Usually foreign-made straw bags have no lining and otherwise are not finished to prevent raveling if a stitch breaks. Most of the country use imported straw fabric. These bags generally have a lining and a felt backing next to the straw to give the bag more body and flexibility.

Precedent Set In Liquor License Decision By Court

PHILADELPHIA, July 21.—(INS)—The state superior court ruled in a precedent-setting decision Thursday that liquor licenses near proposed school sites in the commonwealth can be refused.

The opinion was handed down in the case of John DiRocco, a West Chester restaurateur, whose place of business is near a proposed school site in the Chester county community.

Two-thirds of the nation's commercial buckwheat crop is raised along the New York-Pennsylvania border.

Army Recruiting Office Open Sunday

The public is again reminded that the local Army and Air Force Recruiting station, located at room 202, Post Office building, will be open from 9 a. m. to 1 p. m. on Sundays to accept applications and process interested volunteers for enlistment in those services, it was announced by SFC H. O. Falls, station commander.

In view of the recent lowering of Army mental requirements for enlistment, many men who could not qualify previously for enlistment may now be accepted. Interested persons are urged to volunteer today for service in the world's best army.

Oil Capital Of World

TULSA, O., July 21—Here in the great open spaces of the southwest, men are oil men and women have milk to prove it.

Tulsa nominated herself the oil capital of the world years ago and she ain't moved over a mile since and doesn't aim to. This is the metropolis in which "Texas" is a dirty five-letter word not mentioned in the presence of ladies. The oil smells rich and powerful through this city when the wind is in the wrong direction and wafts the aroma from the refineries across the Arkansas river, which bisects this community.

But when the odor from the refineries becomes too overpowering on a hot summer day, the rich folks just turn on the channel 5 in the fountains and go back to wild-cattling.

Partial To This Section

I have been partial to this section of Indian territory ever since I sneaked over the border 26 years ago and got my first job on a big newspaper, the Tulsa Daily World. For me, it has been an inspiring tale of rags to riches—I still have the rags and Tulsa the riches.

There's a moral in this tale somewhere: I was the kid with the itching foot who had to go to the big city to make her fortune, which now amounts to \$5.94 in cash, a \$100 war bond and grandma's gold and enamel brooch.

But the other members of the World staff, who stuck to Tulsa and who chipped in two-bits to buy me a real leather handbag when I went to New York in 1926, now ride in Cadillac convertibles, work in the most modern newspaper plant I have ever seen and are addressed respectfully as "boss" instead of "hey, you" as in the sweet bye-and-bye.

Still Plugging Along

Everyone with whom I worked in those far-off days is now an editor or better, and could afford gold teeth to go with the Cadillacs if such were still fashionable. I am the only member of the old gang who is still plugging along as a reporter.

The new World office is lush as

a Hollywood setting for "Five Star Final". In the old days, a body could spit on the floor, on the theory that that was what floors were for.

But when I wandered into the office of Walter Biscup, now editorial writer (former boy reporter) and picked my way through the ankle thick carpet, Walter jerked a manured thumb toward the sterling silver, hand engraved spittoon and said:

"Watch it kid, we got class."

I went on to see B. A. ("Bridge") Bridgewater, the World's sports editor who was city editor in 1924 just long enough to hire me. I was hired in desperation and against all rules, mainly because half the staff was out with New Year's hang-overs and half with old fashioned flu.

The late Eugene Lorton, owner of the World, had a hard and fast rule against employing women. But Mr. Eugene was then on a South American cruise and Bridge was desperate. (Frankly, I was, too.)

By the time Mr. Eugene got back to Tulsa, three months later, I had won a place on the staff for the simple reason that I did not seem addicted to either hang-overs or flu. Then began the attempt on the part of the staff to conceal my sex from Mr. Eugene.

Truth Came To Light

But one day the truth came to light. Mr. Eugene demanded to see the reporter who had written a story and he liked it and it was I. But Bridge put up a good fight for me, before summoning me on the carpet (hypothetical in those days). "She's got the makings of a good reporter," he told Mr. Eugene. "She's hard-working," and, added Bridge, rushing to answer the vile canard always brought against newspaper women, "she does her own work and doesn't take advantage of her sex."

Mr. Eugene, always the pragmatist, said:

"She don't? What the hell's the matter with her?"

Anyway, Mr. Eugene let me stay and if I had just had enough sense to stay put, I, too, might now have a Cadillac instead of subway fare. Toward the end of the month, the new quarters of the Tulsa Press club will open in the Adams hotel. Among its rich accoutrements, there will be a bar covered with leopard skin. Rich stuff, indeed.

Land sakes, when I was here a quarter of a century ago, it was all any member of the staff could do to find a blind tiger and pay for the corn squeezins.

Police Blame Suicide On Estrangement

SHAMOKIN, Pa., July 21.—(INS)—Estrangement of his parents was blamed today by state police for the suicide of Norman Paul, a 15-year-old ward of the Northumberland county home.

A three-day search for the boy ended today when his body was found hanging from a tree on a farm near Mayfair where he had been sent to a foster home.

About 3,000,000 U. S. Geological Survey maps were sold in 1949, four times as many as in 1940.

State Authority Calls On Bids For Test Boring On State College Sites

HARRISBURG, July 21.—(INS)—The General State Authority has called for bids July 26 for approximately 12,000 feet of test borings on sites of six new buildings at the Pennsylvania State college.

The new buildings represent part of the multi-million dollar building program approved by the authority at Penn State.

The projects include a new chemistry laboratory, an addition to Pond chemistry laboratory, completion of the main library, a chemical storage building, completion of the Burrows building and an addition to the Buckhout laboratory.

Noted Missionary Dies; Funeral Rites Pending

JOHNSTOWN, Pa., July 21.—(INS)—Funeral services were pending today for Frank Butler, 37, Baptist missionary in central

Africa for the past nine years and son-in-law of the late five-and-ten cent store magnate, J. C. McCrory.

Born in Zacapa, Guatemala, son of the Rev. and Mrs. John T. Butler, he married Dorothy Elizabeth McCrory, daughter of the store magnate, the year after his graduation from Wheaton (Ill.) college.

Butler died at the Johnstown Memorial hospital, where he was taken from his home in Home City, Pa., three weeks ago for treatment.

New Orders Affect Several Service Men From County

Reports of local servicemen getting their orders for leaving for duty across the Pacific received a new twist when Pvt. John Wilson, son of Mr. and Mrs. Kenneth Wilson, New Wilmington, called home with the news. Issued new uniforms and all packed ready to go with the 2nd Division, Wilson and 13 other young men were removed from the group due to their short period of service. All had entered the Army within the past year.

Others who have received their orders within the past week include Sgt. Edward Hall, Neshan-

nock Falls, stationed with the Army Air Corps at Camp Olmstead, near Harrisburg. He is serving his second enlistment, having been stationed in Japan during his first period.

Pvt. Harry Jolley, son of the William Jolley and Mrs. Hazel Jolley, Mahoningtown, was issued orders to report to a California camp after spending a brief furlough at his home early this month. Original orders had been for transfer to Alaska. He is with the U. S. Air Corps, having enlisted last fall and has been with the men receiving special training at Camp Francis Warren, Wyoming.

Pvt. Harold Zook, son of Mr. and Mrs. Harvey Zook, New Wilmington, Route 1, is expected home for a few days enroute to Camp Stoneham, California from Camp Edwards, Mass. He is with the 3rd Infantry Division, having entered the armed service August 17, 1949.

Receiving his basic training at Ft. Dix, N. J., he was later sent to Ft. Devons, and just recently to Camp Edwards. According to present orders he will leave within a short time.

CANCER RESEARCH BOSTON.—Ground has been broken for the Deaconess' Cancer Research Institute, the first New England establishment devoted exclusively to the detection and study of cancer. The U. S. Public Health Commission granted \$485,000 for construction of the institute.

Boy Needed Awakening Twice By Rescue Squad CHICAGO, July 21.—(INS)—Month-old Kevin Kavanaugh fell asleep twice last night at his grandmother's home in Chicago and each time it took a fire department rescue squad to awaken him.

After the second call at the home, the firemen began sniffing around the house. They discovered a small gas leak, not large enough to affect adults, but large enough to affect adults.

Another Sensational Invention from PHILCO

BALANCED BEAM TELEVISION

ENDS PICTURE BLUR FOREVER...INTRODUCES THE FIRST TRUE-FOCUS PICTURE IN TELEVISION HISTORY

NO Blur!

If you've ever seen a television picture, you've noticed how often the edges are blurred. That's because the electron beam that "paints" the picture on the tube face is focused right for the center but wrong for the edge.

NO Smear!

When the electron beam is right for the edges, it is often wrong for the center. The result—a faded, smeary look. Today, however, Philco has ended all this... the day of blur and smear is over.

NOW Philco True-Focus!

Philco research has invented a new way to balance the electron beam... lock it in perfect focus in the center, at the edges, over the entire picture area. You get, for the first time in television, a sharp, clear, true focus picture.

Only Philco for '51 has it!

Philco for 1951 ushers in a new era in television picture quality. For Philco has invented a way to balance the electron beam that "paints" the picture on the tube face... to lock it in positive focus over the entire picture area. Yes, ends forever blur and smear! It's a sweeping advance—the first true-focus picture in TV history—only Philco has it!

Yet Philco did not stop even here in designing for you these great new 1951 receivers! Philco created an entirely new Custom-Duplex Chassis that gives you vastly increased sensitivity and reduction from interference... a truly amazing step-up in performance! And, of course, Philco has the famous Electronic Built-In Aerial that outperforms all others by as much as 3 to 1.

Compare Philco for '51 and you'll agree... Philco Balanced Beam Television is first in quality, first in performance, first in value!

THE SENSATIONAL PHILCO CUSTOM-DUPLEX CHASSIS

An entirely new "power plant" from Philco—a chassis for the first time divided into its two basic parts, the Video Unit and the Power Unit.

In this radical new design, Philco has incorporated the most advanced circuits, the most costly components to achieve the finest performance ever known in any area.

TRUE-FOCUS 100 SQ. IN. PICTURE on a 14" rectangular gray filter-face tube. Custom-Duplex Chassis, Balanced Beam, Electronic Built-In Aerial, Illuminated Station Selector, and extra sensitivity for unparalleled performance. Luxurious mahogany veneer cabinet. Philco model 1443-B.

\$199⁹⁵

HUGE 16 INCH WIDE-SCREEN... 145 sq. in. True-Focus picture with Balanced Beam. Extra power and sensitivity for fringe and local areas from new Custom-Duplex Chassis. Also has gray filter-face tube for better contrast. Electronic Built-In Aerial. Modern Hepplewhite Mahogany veneer cabinet. Philco model 1634. Slightly higher in blond.

\$279⁹⁵

COMPARE!

Make sure that the set you buy has all these features. If it hasn't, you are not getting all that's best in television today.

Mystery Object Found To Be Weather Data Device

Boyd E. Barker, of 139 1/2 Park avenue, retired Pennsylvania railroad employe, brought back to New Castle a curious type of kite, which was found on the farm of his cousins, the Misses Daisy R. and Bertha M. Lemon, of R.D. 1, Saltsburg, which it is believed explains what some folks have seen and may have believed to be "flying saucers."

The kite, which was attached to a balloon, is made in the form of three connecting triangles, lined with aluminum foil, which can be folded together into a compact bundle. Pieces of the kite, holding the triangles open. The whole thing revolved when held up into the wind, and in revolving high in the air, no doubt would give the appearance of being round in shape.

Attached to the apparatus was a small two-celled battery, to which a small electric light was attached. If seen at night, it would reflect the light from the aluminum foil on the under side of the kite giving off a silvery light.

Merely Signal Device
The find was reported to the F.B.I., who investigated and reported back that it was a signal device sent up from the Army airport at Pittsburgh, and was used to secure weather data. It is explicable, it is stated, and gave one that impression. While it was securely made, it gave the appearance of being a home-made affair, rather than a manufactured article.

It was stated by the F.B.I. men that the balloon is supposed to explode at a certain height, but this one did not, and came down in a pasture field, where it was found by John E. Baker and Jimmy Moore, farm hands on the Lemon farm.

Mr. Barker was asked if he

could identify the object when he was there last week on a visit, and being unable to do so, brought it back here, where it was reported to the F.B.I. by a News man, whom Mr. Barker contacted.

Mr. Barker expects to keep the object as an interesting souvenir.

True Ivorite Lodges Have Annual Picnic

There were about 100 in attendance at the annual picnic of Martha Lodge and Star of Wales Lodge, True Ivorites of America, on Thursday, in the grove, at Cascade park.

A sumptuous basket picnic supper was served about 6:30, the invocation being given by Griff Thomas.

Out of town guests were Mrs. James Davies of Lakeland, Florida; Mr. and Mrs. George Stevens and son Dick of Warren, Ohio, and Mrs. Tom Martino and son Tommy, of Pittsburgh.

Mrs. Griff Lewis, returned this week after several months visit in Wales, spoke of her enjoyable visit there with relatives and friends, after an absence of 38 years.

Mr. and Mrs. George Marshall of East Reynolds street, who were present, observed their 49th wedding anniversary yesterday, July 20.

A vote of thanks was extended to the committee for the splendid arrangements made by them. Committee—Mrs. Robert Newell, chair-lady, Mrs. Henry T. Jones, Mrs. Paul Fabian, Mrs. Emrys Lewis, Mrs. Ernest Trehanne, Mrs. Howard Moncrief, President, Mrs. W. Williams.

To close the occasion, the group joined in a period of singing popular songs and sacred hymns, led by Tom Thomas and Griff Thomas.

C. D. of A. Court Picnic On July 25
Catholic Daughters of America, Court Teresa Irene No. 231, have completed plans for their annual picnic, scheduled for Tuesday, July 25, at 6 p. m. in shelter 7 at Cascade park.

The event will be in the form of a covered dish dinner and Mrs. Mary Geddis is the chairman. A program of games and contests is to be featured. In case of rain, the outing will be in St. Mary's church auditorium.

Assisting Mrs. Geddis will be Mrs. Mary Reider, Mrs. Grace Meyers, Mrs. Teresa Lowers, Mrs. Caroline Casalandra, Mrs. Irene Bingham, Mrs. Petronella Bigley, Rose Shaffer, Mrs. Jessie Stenger, Mrs. Mary M. Brown and Mrs. Mary Hagan.

The C. D. of A. Court is also furthering plans for their pilgrimage to the shrine of St. Anne de Beaupre in Quebec, Canada, during the week of August 27. In addition to two other stops at Father Baker's Home of Charity at Lackawanna, N. Y., and St. Joseph's Oratory in Montreal, Canada, the committee announced that another stop will be made at the shrine of the Blessed Virgin at Three Rivers. Reservations for this pilgrimage are to be made with Mrs. Marie J. Metz.

Four From County To Attend Workshop
Four Lawrence county school nurses and teachers will leave Sunday to attend the three-week Rural Health Education Workshop at Pennsylvania State college, State College, Pa.

Scholarships to the workshop were furnished by the Lawrence County Tuberculosis society and the Ellwood City Tuberculosis society.

Attending the workshop are Mrs. Eleanor Birt, Mrs. Isabel Craig, Miss Marie Douglas and Miss Bernice Magee.

PERSONALS
Mrs. James Davies, of Lakeland, Fla., is visiting with her parents, Mr. and Mrs. William Powell of 420 1/2 Waldo street.

Word has been received that Mr. and Mrs. William Wilson, of Rapid City, S. D., have arrived home after concluding a visit with friends and relatives here recently. Mrs. Wilson is a daughter of Mrs. Earl Krous of Court street.

Maurice H. Slavovskiy of South Mercer street has returned after a two-week visit in the west, where he attended the Federal Life Insurance convention at Coronado Beach, Calif. He was registered at the Hotel Del-Coronado. While in California he also visited with his brother and family, Mr. and Mrs. William Slavovskiy. Enroute home he stopped in Chicago, where he was the guest of his sister and family, Mr. and Mrs. A. Watnick. He also visited a number of former New Castleites while in California.

Dr. and Mrs. J. H. Millison and Miss Nellie Brown of 1607 Highland avenue have returned from Bradford after attending the wedding of their nephew, Jack Edward Brown. Mr. Brown will enter Temple medical school in the fall.

Mr. and Mrs. Clyde Rohrer of 117 East Grant street have returned from a trip to Detroit, Mich., where they visited with Mrs. Rohrer's brother and sister-in-law, Mr. and Mrs. Charles White. Mr. Rohrer also did some fishing at Port Huron, Canada.

Mrs. Elmer Shaffer of East Washington street and Mrs. William Black of Florence avenue, have returned from Harrisburg, where they attended the V.F.W. Encampment. Mrs. Shaffer represented the tri-county council. They visited also in Elizabethtown, Pa.

Mrs. Arthur Durlleser will direct the choir with Mr. Durlleser as the accompanist. Rev. Grove will speak on the subject, "Four 'I Wills' in the 61st Psalm."

Local Art Teacher Attends Penn State

Mrs. Morfydd Brown and son Alvin David, and former's mother David M. Owens, of 711 Arlington avenue, have left for Pennsylvania State college, where Mrs. Brown will attend classes in art and handicraft, under the supervision of Dr. Viktor Lowenfeld, professor of art education of Penn State.

Mrs. Brown is a teacher of art in Croton public school.

SLIGHTLY INJURED
George Hobel, City Line street and Albert Barletto, Pollock avenue, operated motor vehicles which collided at East Long avenue and Clearview avenue, at 7:28 p. m. Thursday. The vehicles was damaged. Mr. Barletto sustained slight injuries.

HOT TAR BURNS
B. Truck from Central station was called to the Canteen on South Mercer street, at 6:15 p. m., Thursday, when workmen, engaged in tarring the roof, upset a bucket of tar, which set fire to some wood and debris on the ground. There was slight damage.

Urges End Of Bus Strikes

HARRISBURG, July 21.—(INS)—Gov James H. Duff appealed today for settlement of bus strikes in the Pittsburgh area in view of the "critical national emergency".

"These strikes seriously affect production," Duff said in a telegram to representatives of the six bus companies involved and the striking union.

"All of us must do everything in our power to keep production at maximum," the governor said. "You can render great public service by settling your differences and providing the transportation facilities immediately necessary for maximum productive effort."

"In view of the present critical national emergency I earnestly urge you and all parties in interest to negotiate settlement of bus strikes in the Pittsburgh area," Duff added.

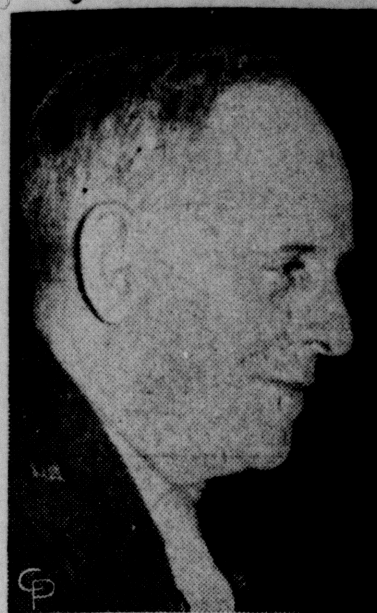

The AFL Bus Drivers union walked out on the bus lines 64 days ago in a squabble over pay boosts.

Korean War To Be Dragged In

Will Feature In Campaign Oratory In Pennsylvania

HARRISBURG, July 21—(INS)—Office-seekers of both major parties in Pennsylvania are expected to drag the Korean war into campaign oratory. . . The Democrats, headed by U. S. Senator Francis J. Myers, will defend the national administration's Far East policies even though the United States was not ready to step into the situation immediately with an effective fighting force. . . Meyers, seeking a second term, is majority whip in the Senate. . . Congressional Democrats already stated that this country cannot expect to station a large military force in every danger spot in the world. . . Gov. James H. Duff, who is opposing Myers for the Senate, has paraphrased his idol, Theodore Roosevelt, by stating the Truman administration's policy is "to speak loudly and carry a small stick." Duff is expected to expand his statements in several key addresses during the course of the campaign.

No one can say the Pennsylvania Public Relations Society sells its collective talent short. . . The society is composed mainly of public relations men on the State payroll. . . In a release earlier this week, the society declared, "The United States has at its disposal the world's greatest pool of qualified and experienced public relations men and the government leaves this pool untapped, ignoring the fact that the advertising cost of telling our great story of America is negligible. . . The society recommends the government spend more money for the "Voice of America" for broadcasts overseas. . . Meanwhile, the society announced it will coordinate talent on the "home front" by establishing charters to new chapters in Erie, Pittsburgh and Philadelphia.

Although the month of June saw 48 more miles of completed roadway added to the Pennsylvania highway system, the 33 contracts awarded during the month lifted to 500 miles, the total remaining to be built. . . Payments to contractors reflected the progress made during favorable weather. . . In June contractors were paid \$7,738,787 compared to the year's previous high of \$4,887,022 set in May. . . Total payments for the year to July 1 were \$24,102,190. . . July's 23 contracts will add another 71.90 miles to the totals with lettings scheduled for each Friday during the month. . . All the figures are exclusive of the State highway and bridge authority projects which amounted to \$3,336,538 during June.

GAS PRESSURE Like Rock in Stomach

One New Castle man stated that for 10 years he felt like he had a rock in his stomach. This feeling was due to the lump of undigested food he always had inside of him. His food would turn to gas. Recently he started taking CERTA-VIN and says the feeling like a rock in his stomach disappeared the second day. Now his food agrees with him, no more gas and he feels like a new man. CERTA-VIN is a new, scientific formula. It is taken before meals and works with your food; thus you get the fullest good out of your meals. It contains Ten Great Herbs, plus vitamin B and iron. It not only relieves gas, it also makes the nerves stronger with vitamin B and enriches the blood with iron. Miserable people soon feel better all over. So don't go on suffering! Tigers And Yankees Open Crucial Three-Game Series In Stadium Tonight

Cards-Phillies Both Defeated

Bad Day Thursday For League Leaders

By JOHN BARRINGTON
(L. N. S. Sports Writer)

NEW YORK, July 21.—The world champion New York Yankees will get a rough but effective evaluation of their 1950 American League pennant chances during the next three days. The league leading Detroit Tigers come to Yankee Stadium tonight, and the Yankees have a mathematical chance at least to overhaul the Tigers by nightfall Sunday.

Vic Raschi (11-6) opposes Ted Gray (10-3) tonight.

The Yankees' big opportunity was yesterday when the Tigers frittered away a five-run lead and finally lost to the Boston Red Sox, 6 to 5, in 11 innings. That left Detroit only 2½ games ahead of the Yanks, who were idle.

Indians Creep Up

The third-place Cleveland Indians picked up a game on the Tigers by winning another 11-inning marathon from Philadelphia, 3 to 2. Relief pitcher Sam Zoladak, who blanked the A's for the last five innings, knocked in the winning tally with a bloop single.

The Chicago White Sox were rained out at Washington.

Both National League leaders stubbed their toes yesterday, and so the St. Louis Cardinals maintained their slender one-game advantage over the Philadelphia Phillies.

The New York Giants plastered St. Louis with a 13-to-3 licking, high point of which was an eight-run outburst in the third inning.

Bucs Top Phils

The Pittsburgh Pirates won a ferocious 10-to-8 slugfest from the Phils in which eight pitchers were socked for a total of 30 hits. The Pirates lost the lead three times before going ahead for keeps with four runs in the sixth.

They nearly kicked it away again until Murry Dickson arrived in the nick of time with some effective relief pitching.

Ralph Kiner clouted his 27th homer for the Pirates.

Brooklyn's swarming progress through the west was stopped short as Cincinnati took both ends of a two-night doubleheader, 3 to 1 and 6 to 2.

The Boston Braves and Chicago Cubs were rained out.

Charles-Beshore May Meet August 15

BUFFALO, N. Y., July 21.—(INS)—Promoter Dewey Michaels will make his third attempt to stage an Ezzard Charles-Freddie Beshore heavyweight championship fight in Buffalo on Aug. 15.

The public too frequently measures a high school coach's success by the relative length of the won and lost columns.

(x) It is not certain what "garden" the players will occupy, and the batting line-up is apt to be changed.

Judging from the players who will start the All-Stars set to at eight o'clock Saturday night, at Bessemer, the All-Stars clash is one between St. Margaret and Wampum, because each of the clubs have four players selected to start the game. Scattered among the replacements are players from all of the teams in both circuits.

"This is going to be a game which the City loop hopes to win," said Arthur Alexander, loop secretary today, adding: "If a player plays bang-up ball, he will remain throughout the game. No player will be 'yanked' to give another player the honor of appearing in the game." No doubt, Jim Martin and George Zidow, County and City circuits pilots, will agree with this.

The County All-Stars won last year.

Pulaski Stops New Wilmington

Pulaski stopped New Wilmington 4-0 Thursday evening in a play-off of a postponed game in the North County league.

Cameron went all the way for Pulaski and held the college towners to four hits. Borowicz went the route for New Wilmington and gave up 10 hits.

Lew Grell and Patterson had three hits apiece for the winners.

Wagner Wins 8th Victory, Senators Top Butler 5-1

Frank "Old Folks" Wagner the veteran Middle Atlantic League hurler, handcuffed the Butler Tigers on three hits last night at the Butler ball orchard, as his mates, aided very nicely by generous Paul Foytack, provided a 5-to-1 win, making it an (8-3) record for the popular Frankie.

The victory along with Oil City's win over Johnstown 12-1, kept the Senators out in front by two full games over the pesky Refiners, six and a half over Erie, and eight over Butler. Erie tagged Youngstown with a 5-0 shutout last night.

Rossman Goes Tonight

Manager Chuck Cronin has selected Ben Rossman (9-3) to try for his tenth win tonight at Butler, with Nels Reeves announced as the Senators' pitching choice.

Al Mouton with two hits, one a double, led the Senators at bat last night, while Tommy Falk with a pair of hits, one a triple led the Butlers.

The Senators are on a four-game winning streak, having swept the Niagara Falls series here.

Walks Three Runs In

Five walks in the first inning gave the New Castle Senators a 2-0 lead before Foytack finally settled down. The Tigers got one back in the second on Falk's triple and Stuckert's outfield loft after Komisarck walked. Adeock walked and both stole but they died as Dorsey and Foytack fanned.

New Castle got another gift in the fourth. With one out Vizzini beat out a bun to Kemp. Eikenberg singled to left. When Foytack wound up both runners stole. Wagner walked. Bilo fanned, but Dondoro walked to force over Vizzini.

In the fifth a walk to Famiglietti, a single by Horne and a passed ball by Dorsey gave the Senators their fourth run. In the seventh Mouton's single, on a bad hopping ball, Kemp's error and Vizzini's infield out gave New Castle a 5-1 lead.

Oil City Here Sunday

The Senators will return to Flaherty Field Sunday at 2:30 o'clock to battle the pesky Oil City Refiners in what looks like a crucial series. If the Senators can defeat Oil City three straight here, it will enhance their first place hold providing of course that New Castle can win two more at Butler and Oil City takes Johnstown for two more.

Interest in the Senators at fever heat now, is not expected to cool off with the big series with Oil City coming up. Attendance record should be broken here next week.

PEEP SIGHTS WIN

The Peep Sights defeated the Spotters Tuesday evening in a Colonel Charles Young rifle league match at the Sportsman range 451 to 390. Tom Farrow of the winning team was high man with a 194 score. Saturday the Spotters meet the Sharpshooters.

Bessemer Tops Cochran, 7-4

Bessemer continued to set a fast pace in independent baseball last night by topping Cochran, 7-4, under the lights at Bessemer.

A four-run rally in the third inning gave Bessemer a 6 to 10 lead at the time and the County Leaguers coasted home.

Goog Anderson did the hurling chores for the winners. He allowed only five hits, fanned seven, and walked four. Colliers and McCurdy divided the mound duty for Cochran.

Saints Defeat Old Timers, 6-0

To Dedicate Field As War Memorial

Old axiom, "Youth will be served," was demonstrated on Montgomery Baseball Field Thursday evening when St. Margaret's, City Loop leaders, vanquished old-timers of the Mahoning A. A., once a fast-stepping Seventh Ward team in both the City and Lawrence County baseball loops, 6-0.

Mike Mash featured with a triple and G. Barbato hit a home run. More than 500 witnessed the game, which was a feature of St. Margaret's Day celebration.

The game was well-played until the fourth frame when the Saints moved ahead. Ferrante was the winning pitcher, Paul McCullough the loser.

Nick Rotunno did some fancy fielding for the Old Timers, while Paul McCullough, at one time one of the greatest of local pitchers and who had a career in the American Association and American League, had the pleasure of striking out his nephew, Jackie, which in a way went to show that Paul has not yet forgotten how to outwit a young but good hitter.

The field was opened when the first ball was pitched by Bart Lombardo of St. Margaret's Club to County Commissioner Joe Travers behind the plate. Commissioner Joe Gilmore was at bat.

The field, which is south of Montgomery Avenue, will be officially dedicated as a memorial to Seventh Ward boys who gave their lives during World War II in the near future. It is one of the finest fields in this section.

Dart Medalist In Church Loop

Jimmy Dart with a scorching 37 front nine, over par card, was medalist last night as the church golf league played over the Castle Hills course.

In team matches the results were as follows: Epworth 10—St. Paul's 2; St. Mary's 6—First Christians 6; First U. P. 8—First Presbyterians 4; Baptists 10—First Methodists 2.

Other low cards besides Dart were: front nine—Stan Bukowski 38, Francis Clause 38, Tom Baum 38, Dick Hamilton 39, Bob Palmer 39, George Sargent 39, Back nine: Chuck Rea 38, Dal Mumford 40.

Boswell Retains Blind Golf Title

AUGUSTA, Me., July 21.—(INS)—Charlie Boswell, of Birmingham, Ala., who lost his sight in World War II, today reigned as National Blind Golf Champion for the second straight year.

The former University of Alabama football star, who won the crown last year at Norristown, Pa., carded a 220 in the 36-hole medal play tournament at the Augusta Country club to pace a field of 14 starters.

Art Smith of Philadelphia, another ex-GI blinded in the war, and Maine's lone entry, Bill Gilman, of Portland, scored 227s for a second place tie.

Pittsburgh Club Denies Dillinger

Price Tab \$700,000

PITTSBURGH, July 21.—(INS)—General Manager Roy Hamer of the Pittsburgh Pirates today said the price paid the Philadelphia Athletics for third baseman Bob Dillinger was "less than \$50,000."

Hamer said reports published in Pittsburgh that the 31-year-old infielder had cost the Pirates at least \$100,000 were incorrect.

He and manager Bill Meyer were conferring today to determine what player would be disposed of to make room on the Pirate roster for Dillinger.

Lehigh University's freshman football team will play five games this fall. Percy L. Sadler, director of intercollegiate athletics, announced. The season's opener against Hill school October 14 at Pottstown will be the only game not involving a freshman opponent.

Pirate Manager Bill Meyer blames the current Pittsburgh slump on lack of clutch hitting and the crack-up of his pitching staff under pressure.

HERE and THERE IN SPORTS LAND

WHEN AL ZILL of Youngstown passed away, boxing in that city apparently died with him because since his demise there have been few bouts of a stellar hue, and none of them have brought any noticeable profit to a box office.

Al took over the role of promoter after Mickie Stambaugh went to his resting place. Not only did Al promote, but also managed Brother Tony. Both did fairly well.

Zill was popular with the fight mob throughout the country and had connections, very essential in the game of fistcuffs. Youngstown is a good boxing city, and it is regretted that boxing has apparently become nil.

New Castle occupies a similar plight. Since the demise of the Jolly bowl, which was controlled by the late Bill Jolly, there have been few professional fights here, none of which was of an outstanding nature.

Promotions were confined to amateurs but with the coming of World War II, and after, fighters like Russ Baxter and Frankie Moran entered service, the fever died, and for a time, the Arena was taken over for "war plant" purposes.

Of recent months, wrestling of the pro' vintage succeeded boxing, but when the "rasslin" clique cut down on name-grapplers and decreased the number for a show from eight to six, fans lost interest, and the bouts ceased to pay off.

At present there is talk of matching Elkins Brothers with some heavyweight. However, until his contract with George Carert of Washington, D. C., expires August 14, he cannot sign unless Carter is "cut in" for a share of Brothers' purse.

Brothers told Here & There their largest purse for a Germany fight was \$750. For a latter fight there he was paid in German money, and on a whole, while his trip to Germany was fruitful of knockouts, it was not so, financially.

Two years ago this summer efforts were made to mate Brothers and Billy Pezza who has probably forsaken fistics. Had they fought then, each of them would have received a fat purse.

Brothers was anxious to fight, but Pezza's manager, Johnny Luccisano held off. At that time, Here & There believed that the first to have delivered a heavy blow to the chin would have won.

Both were wide-open fighters and easy to hit. Each carried a knockout punch. At that time the fever was hot as a furnace and it would have attracted a \$5,000 house.

A NEW FISHING GADGET is a minnow bucket that "breathes" and keeps bait alive longer. The bucket is made of laminated fibre, holds water tightly, but has thousands of air cells that permit fish to get oxygen from outside the bucket. . . . Experts agree that the timber future of the U. S. is resting in the hands of farmers and other small woodland owners. Nearly three of every four acres of privately-owned timber are on farms of less than 100 acres. Foresters admit that all of the forest land in public ownership, even if properly managed, won't yield enough timber to meet the future national needs. . . . Bob Baker, Pittsburgh, and Sid Peaks meet again at Millvale arena July 25 night.

After being down twice, and on the verge of a knockout, Baker came back to win a fourth round knockout. . . . Al Rosen of the Indians is the idol of the Forest City. He is the "Ralph Kiner" of the outfit. . . . Three Lawrence counties paid a total of \$45 in fines for violation of the fishing law during May. . . . Fly lines should not be left on reels when not used. . . . Trout season expires this month. . . . The Pennsylvania Angler says that to keep night-crawlers, place a tight wooden box or tub in a cool place. Fill the tub with dry florist's moss, throw in a handful of dry cornmeal or oatmeal, dump in a gallon or two of night-crawlers, and the worm problem will be solved. . . . Tony Mastrean intends to Canada fish in September. . . . Al Wolcott, Farrell Press sportsman, and an ex-fighter, caught an eight-pound Walleye at Pymatuning dam on a flat-fish. It took him 30 minutes to conquer the fish, which was more time than he needed to defeat some opponents in the ring.

NEW YORK STOCKS

Stock Market Is Irregular

NEW YORK, July 21.—(INS)—The stock market showed mixed tendencies today as profit-taking developed following the three successive sessions of sharp advance.

Selected issues extended their rise, but the main body of stocks fluctuated indecisively within narrow price limits.

Among the leaders today were Superior Oil of California which jumped 5 points to 299, Charles Pfizer up 2 1/4 at 60; Evans Products up 1 at 13 1/4; Allied Chemical up 3/4 at 220 3/4; and Douglas Aircraft up 3/4 at 86.

In the pivotal list, U. S. Steel was off 3/4 at 35; American Telephone off 1/4 at 15 1/4; Union Carbide off 1/4 at 43 1/4; Standard Oil of New Jersey up 1/4 at 76 1/4; General Electric up 1/4 at 45 1/4; General Motors unchanged at 54 1/4; and Chrysler off 1/4 at 67 1/4.

Great Northern was in demand in a spotty rail list, gaining 7/8 to 41. Atchafalaya was off 1/4 at 12 1/4; Union Pacific off 1/4 at 91 1/4; Southern Pacific unchanged at 59 1/4 and New York Central off 1/4 at 14.

The bond market was mixed with rails active and mostly steady. Commodities were strong. Wheat spurted 4 cents a bushel, corn gained 2 1/2 cents and cotton rose \$2 a bale.

Soviet Russia In Open Bid To Germany To Become An Ally

BERLIN, July 21.—(INS)—Soviet Russia made an open bid to Germany today to ally itself with Moscow against the Western World.

Mikhail A. Suslov, a member of the Central Executive Committee of the Communist party, voiced the suggestion in a speech to a Socialist Unity (Communist) party congress in East Berlin.

He said: "Germany is the keystone of Communist policy. Active co-operation between the Soviet Union and Germany is a most important international factor."

"If we fight together, peace in Europe will be assured."

Friedrich Ebert, mayor of East Berlin, criticized failure of German Communist leaders to achieve a "friendly orientation of the East German people toward the Soviet Union."

He added: "Even in our party there are anti-Soviet sentiments."

First Grade Registration In City 551

Pre-school registration of first grade pupils of the city's schools shows a slight drop over the pre-school registration last year.

This spring 551 pupils registered for the first grade, while 626 registered last year. In some sections of the city the pre-registration is very close to the final registration, while in others there is usually a marked difference, it is stated by school officials.

Among the schools that show a fairly large drop in pre-school registration for the first grade are Pollock and Thaddeus Stevens. The reason for the drop in registration at Pollock school is partially laid to the uncertainty of how many pupils will be attending St. Vitus school.

The Thaddeus Stevens a smaller enrollment was expected and one teacher has been dropped.

Registration By Schools
Registration as reported for the various schools in 1950 and 1949 are:

North Street—35 in 1950; 27 in 1949. Highland—52; 61. Arthur McGill—68, 73. Oak Street—53; 59. Croton—42; 42. Thaddeus Stevens—46; 66. Rose Avenue—51; 63. Lincoln-Garfield—68; 69. Pollock—39; 55. West Side—40; 44. Mahoning—52; 67.

Ancient census takers often estimated population of a given area by the amount of salt consumed there in a specific period, says the Book of Knowledge.

Provide Television Sets For Deshon

Through the work and generosity of the Jewish War Veterans, five new 16-inch television sets will be installed in Deshon hospital.

On Thursday night, July 27, the JWV men will go to Deshon, accompanied by the veterans council, to present the new sets. The JWV has purchased the sets and guarantees service for three years. Most of the money for the sets was procured through the wrestling carnival held recently at Taggart Stadium.

The life span of an Army parachute is four years or 100 jumps.

Humbert Auxiliary Picnic On Sunday

On Sunday morning, July 23, the King Humbert auxiliary will have their annual picnic at Neshannock Falls. Activities will start at 10 o'clock.

General chairman, Mrs. Carl Tranquillo announced that a full day has been planned with prizes to be awarded later to the winners. Josephine Costa is the assistant chairman.

The National Geographic Society says Hans Meyer, in 1889, was the first man to scale 19,565-foot Kibo peak in Africa.
